# Healthy economic outlook for 1984

By BABSON'S REPORTS Inc.,  
Wellesley Hills, Mass.,  
December 29, 1983

A year ago the American economy was mired in the trough of a recession which had dealt out severe punishment. The impact on some regions reportedly was on a scale not seen in a half century.

Understandably, therefore, the chorus of derision concerning the Reagan Administration's sustained hopeful views on prospects for the economy was multi-decibel and — save for the pyrotechnics of the stock market — public sentiment seemed devoid of hope.

But undaunted by the deep gloom which enveloped the nation, Babson's forecast indicated that a more hopeful view toward business for 1983 was in order.

THE NOTE of encouragement was predicated on the handful of vital improvements which had developed during 1982.

Chief among the clues of an impending healthier economy cited were the radically diminished levels of inflation and interest rates.

Also, there were benefits to be reaped from corporate efforts to curtail overhead and operating expenses, improve productivity, wring

out burdensome inventories, and rebuild financial strength.

The upshot was an economy on sounder ground than in a number of years, presaging better business in 1983 than was generally perceived in the waning days of 1982.

THE RECOVERY exceeded expectations.

While first quarter 1983 showed betterment along the lines the cautiously optimistic Babson forecast had envisioned, the business upturn seemed tentative and offered no hint of the impending surge of economic vitality.

During the second 1983 quarter,

strength in personal consumption expenditures and home building produced an incredible 9.7 percent advance in the real GNP (gross national product).

While the pace of the upturn tailed off somewhat thereafter, the economy's performance for the year as a whole clearly outstripped expectations.

CONFIDENCE, CREDIBILITY and momentum — In viewing prospects for 1984, Babson's Reports rests its case for an extension of the business upturn in 1984 upon these three key considerations.

Why confidence, credibility and momentum?

The strength of the economy throughout 1983 has rejuvenated business and consumer confidence, which is being translated into demand for goods and services, and more expansive — though still wisely guarded — inventory accumulation and capital-expenditure budgets in business circles.

Furthermore, there has been a deepening conviction that the economic recovery has staying power.

Unlike the state of public sentiment a year ago, and even as recent-

ly as mid-1982, fears that the upturn in business is headed for an early demise are largely confined to those still unable to establish employment connections.

In short, the economic recovery has now gained unquestioned credibility, its forward thrust has been building for some time and there is still considerable momentum going into 1984.

THE NEW YEAR of 1984 will see a solid, consistent business pace. Following the explosive display of vigor last spring, the tempo of

### Food here for poor

By SUSAN SIGNAIGO-WEICH  
of the Press-Record

Four months are left in a \$50 million program that was designed to feed hungry residents in Illinois. Despite a great need for this type of program in the state, it is not going as well as hoped.

Under a federal jobs bill passed last spring, money was appropriated to buy food for distribution to soup kitchens throughout the state. About 161,000 cases of meats, fruits and vegetables were purchased and stored in a Fox Industries warehouse in the Granite City-Madison area.

OF THOSE cases, only about half have been distributed to soup kitchens in the past eight months.

"We've had several phone calls in the past couple of days from people in your neck of the woods (Granite City) who were first hearing about the program," said Carole Halicki, special assistant to U.S. Rep. Robert Michel (R-Peoria). "But there are a lot of agencies that are aware of the program and that are using the supplies."

"Maybe the reason the program is moving a little slowly is because food pantries are not eligible to receive the food. But other agencies that distribute food free of charge to hungry people are being urged to contact their congressman and get hooked up with the program."

SHE SAID the food supplies include 14 different items that range from "applesauce to canned tuna" and that the supplies are boxed in large quantities. The food distribution is handled by the Illinois Department of Public Aid.

Other than being distributed to soup kitchens, the food has been received by agencies running nutrition programs for the elderly, meals on wheels programs, and church groups providing food for the hungry after they attend services.

In late March, any food left over from the program will be turned over to the Illinois Board of Education. Miss Halicki said the food will

### Sales tax up, down

By GEORGEANN MCGEE  
of the Press-Record

Many changes are in store for Quad-Cityans and other Illinois residents at the start of the new year of 1984, including a tax break on food and drug purchases and a tax hike on other products.

All local residents will pay 2 cents less tax on the dollar for their food and drug purchases than at present.

Quad-City residents, though, will have to pay one cent more per dollar for non-food items than now, due to a tax hike on consumer goods and prepared foods. The state portion of the general sales tax will rise from 4 to 5 cents.

In Granite City the grand total will climb from 6 to 7 cents for each sales dollar.

IN MADISON, Venice and other Quad-City areas, the changes will mean a 1½-cent tax (currently ¾ cent) on the dollar for food and drugs and a 6¼-cent tax (currently 5¼ cents) on each dollar spent for non-food items.

There is a one-cent municipal and county sales tax, depending on the location of the sale inside or outside city limits, and the mass transit district has a ¼-cent tax.

Granite City also imposes an added ¾-quarter cent city sales tax.

The tax changes are the result of the state's effort to reduce grocery and drug costs for low-income and elderly citizens, while at the same time bolstering its tax revenue on other types of sales.

Effective Jan. 1, the state will have given up all of its tax on food and drug purchases, with the remaining tax on those items going to city and county groups.

IN GRANITE CITY, the 2-cent food tax breaks down to 1¼ going to the city and a ¼-cent going to the county.

### New homes to proceed

By DONNA KIMBRO  
of the Press-Record

Development of approximately 100 log homes designed as single family dwellings in the new Timberlake Subdivision in Pontoon Beach is to become a reality in February, with the approval of a preliminary plat of the section by the Pontoon Beach Village Board on Tuesday night.

The location is on Highway 111 north of Pontoon Road and the First Church of the Nazarene in the 4700 block of the highway.

Commercial frontage will face the highway, with the homes to be built directly behind.

THEY WILL FEATURE underground electrical service and 50-foot concrete streets with standard eight-inch curbs and gutters as well as storm drainage.

The smallest building lot will be 90 x 150 feet, with several lots larger in size, according to the plat submitted

by a surveyor, Tom Chura, a representative of a St. Louis firm.

Chura presented his credentials, noting he secured a permit from the State of Illinois to practice in this state until he has completed necessary examinations for an Illinois license, a requirement of the Village of Pontoon Beach as well as the state.

Roger Fountain is the general contractor and plans to build two display houses beginning in February, weather permitting, Chura informed the board.

ALL HOMES will be constructed of logs but the residences will differ in some respects in their floor plans.

With the new housing about to begin, and with unrelated incidents in the village (faulty wiring, heating problems and sewer work) affecting the "health and welfare" of the residents, Ben McMillan, village building inspector, recommended

### Compliance snag at sewage plant

By GEORGEANN MCGEE  
of the Press-Record

The Granite City Wastewater Treatment Plant violated state environmental standards by depositing an unacceptable level of suspended solids into the Chain of Rocks Canal on Christmas Day.

Plant Superintendent Terry McMillan expects several more days of non-compliance to follow due to the failure of aging equipment and because of a yet unsolved mechanical problem, possibly caused by the severe weather.

THE DEC. 25 violation lasted less than a 24-hour period, according to

the superintendent, who has campaigned for multi-million dollar repairs to the plant.

Two independent engineering studies and a state evaluation also call for extensive repairs.

The latest problems occur as the city is involved in delicate negotiations with the Metro-East Sanitary District, the Madison County Sanitary Sewer Committee and Glen Carbon to link those entities to the local sewage treatment plant, designed as a regional facility.

McMILLAN PLANS to inform the Illinois Environmental Protection

### Dr. Kacalief will head national group

DR. LOUIS KACALIEFF

By BILL WINTER  
of the Press-Record

Louis D. Kacalief, M.D., a 1938 graduate of Granite City High School, has been designated as president-elect of the American Association of Psychiatric Services for Children.

Medical director of the Akron Child Guidance Center, Akron, Ohio, he will assume the duties of AAPSC president in November 1984.

The AAPSC is the only multidisciplinary group of child mental health agencies and professionals in the nation. Founded in 1948, it has a membership of 170 psychiatric clinics and services in all parts of the United States.

MAIN PURPOSES of the group are to encourage highest quality

(Continued on Page 3)

**IN THE EYE OF THE BEHOLDER.** The aesthetic beauty of freshly fallen snow, apparent in this photo of Sieveking Gardens in Wilson Park taken Wednesday morning, is one of nature's most outstanding attributes. This peaceful scene is in marked con-

trast with the hazards of continuous sub-freezing temperatures mixed with less-than-desirable driving conditions the area has been experiencing for nearly two weeks.

**PLAQUES AWARDED.** Re-elected officers of the Madison School Board are presented with plaques during a meeting of the school board. Pictured from left are: Don Garrett, Superintendent of Schools John Palchiff; Pam Dymas, accepting the plaque for her late husband, Sam Dymas; Paul Bargiel and Ed Newsome.

## Law protects hunters but not if trespassing

It is now a crime to interfere with the activities of lawful hunters, anglers and trappers. But this does not affect the right of private landowners to control access to their property, according to Mike Conlin, Department of Conservation Fish and Wildlife Division chief.

The law was signed by Gov. James Thompson, Aug. 29. Since it went into effect, some farmers and private landowners have expressed concern that the law would prevent them from ejecting persons who trespass on their property to hunt, fish or trap.

"The key word in the new Illinois law is lawful," Conlin explained. "The hunter harassment legislation makes it illegal to harass or impede hunters, fishermen or trappers who are lawfully pursuing their sport."

"The state fish and wildlife code states that it is illegal for a hunter, trapper or angler to go onto private property without first securing permission from the landowner. A trespasser, therefore, is not acting

in a lawful manner and is not protected by the law. An effort to eject persons who are unlawfully on one's property is not hunter harassment under this law."

It is aimed primarily at persons who deliberately set out to disrupt or impede lawful hunting, fishing and trapping activities on public lands by destroying duck blinds, spreading human hair in prime hunting areas or engaging in other activities that disrupt a sportsman's recreational pursuits. The law makes hunter harassment a Class C misdemeanor, punishable by a fine of up to \$500 and/or up to 30 days imprisonment.

If the guilty party has previously been ordered by a peace officer to cease such conduct, conviction on a Class B misdemeanor may be obtained. A person convicted of a Class B misdemeanor can be sentenced to up to six months in prison and/or fined up to \$500.

The hunter harassment law in Illinois is similar to laws currently in

effect in several other states. Conlin said he knows of no instances in which private landowners have been accused of hunter harassment for telling trespassers to leave.

### ENTERS TWO PLEAS IN COURT APPEARANCE

Robert W. Sorenson Jr., 25, of 201 Madison Ave., Madison, was transferred to the Madison County Jail at Edwardsville during the past week, following an appearance in the Granite City court.

Sorenson was arrested last week on a charge of retail theft and warrants alleging previous charges of property damage, trespassing and petty theft. He pleaded guilty to the retail theft charge and innocent to the three remaining allegations. Bond was set at \$306 cash and a mitimus was issued by the court.

## County government to run several Economic Opportunity programs

By JIM WOODCOCK

Pending state approval, Madison County will assume control of two more programs previously administered by the Economic Opportunity Commission.

The County Board last week overwhelmingly approved taking over the home weatherization program and the surplus commodities program.

Officials from the Illinois Department of Commerce and Community Affairs started looking for an agency to take over the programs last week. The county is expected to easily gain state approval.

The county is also currently attempting to accept responsibility for operating the Head Start and Foster Grandparents programs, both federally-funded and formerly directed by the EOC.

All EOC programs were recently shut down because of EOC cash flow and other problems.

County Board Chairman Nelson Hagnauer said he would meet with members of the EOC ad hoc committee and county grants committee to discuss arrangements for the county to run several programs.

The EOC, currently under investigation, closed its office three weeks ago after running out of money. Its assets were frozen by the Bank of Alton because of an unpaid \$250,000 loan.

The action by the board was the latest county move to rescue programs which were administered by the EOC prior to its closing.

One former EOC program, the Illinois Home Energy Assistance Program, has already been awarded to the county by the state.

The county's Community Development office is operating the energy program, which provides financial aid on utility bills.

The Community Development office will also administer the weatherization program, which provides low-income persons an op-

portunity to receive items such as insulation and storm windows at no cost. Hagnauer said the program should be in operation before March.

The commodities distribution program will be operated by the county's Emergency Services and Disaster Assistance Program.

The county unofficially became involved in the commodities program this month because officials wanted to be sure the free food was distributed to needy residents before Christmas.

Hagnauer said the county was informed by the state's attorney's office that it could distribute commodities on a "volunteer basis" with no liability to assume official control of the program.

However, Hagnauer said, it was the county's intention all along to eventually assume responsibility for the commodities program as well as the weatherization program.

"We are thinking about the people who need the help," Hagnauer said of the county's efforts. "I have confidence we can get the job done."

Hagnauer said he is optimistic the county can take over the Head Start program and get it back into operation by the first week of January.

"This is a federal program, so we haven't been involved with much of this," Hagnauer said.

"We'll just sit down and try to cooperate with them (the EOC ad hoc committee) on the programs. It will depend on what they recommend."

"We just want to get those kids back in school."

The EOC ad hoc committee members were recently appointed in an attempt to save the agency and its programs.

Hagnauer said there would be no federal representatives at the meeting.

Hagnauer added that if the EOC ever rebounds from its recent woes, the county would still retain control over the programs it acquires from the agency.

A recent state audit of the EOC revealed almost \$1 million in questionable expenditures. The FBI and the Illinois Division of Criminal Investigation are looking into the financial matters of the EOC.

Close to 500 preschool children and 50 teachers were affected by the closing of the Head Start program.

The EOC board of directors on Dec. 17 fired executive director Ruben Williams.

## 3 lose driver's licenses in alcohol-related cases

The driver's licenses of three Quad-City area residents have been revoked or suspended for alcohol-related driving incidents, according to Illinois Secretary of State Jim Edgar.

Driver's licenses revoked for convictions of driving under the influence of alcohol were those of George B. ... of 2222 Grand Ave., and Jeremy D. Gean, 17, of 2318 State St.

The secretary of state also has suspended the driver's license of Florentino Cuevas, 43, of 519 Fleming Place, Mitchell, for implied con-

sent (refusal to take a breath or blood alcohol test).

## Fire damages plastics plant

A fire at the Chris Kaye Plastics Manufacturing Company in Madison at 6:55 a.m. Wednesday caused the plant to close for the rest of the day. The plastics plant, located at 1200 Madison Ave., Madison, caught fire after a rear electric box short-circuited.

Madison firemen battled the fire until 8:30 a.m., and Madison Avenue was closed to traffic. The fire department squad at the scene included nine firemen and six cadets.

A representative of the plastics firm said Wednesday afternoon that the extent of damage had not yet been determined. He said he expected a limited crew to be working today.

Madison Fire Chief Mike Macek said that, although the fire did not damage a large area, the blaze is likely to be costly, since it involved a major part of the electrical system of the plant.

He said the firemen were appreciative of the speed Illinois Power Co. crews displayed in getting to the scene.

"We were glad they got there fast, because we couldn't even start working on the fire until they turned off the electricity," he said.

Macek said no one was injured.

## PASSENGER IS INJURED

A collision on Pontoon Road just west of Nameoki Road at 3:10 p.m. Tuesday involved vehicles operated by David W. Price, Edwardsville, and Daniel L. Ray, 3007 W. 20th St. A passenger in the Price car, Dorothy A. Price, 21, of Edwardsville sustained an injury.

## Kacaleff heads group

(Continued from Page 1)

standards for clinical practice and training, offer a national focus, provide consultation to members, foster prevention of mental and emotional disorders of the young, and support and undertake research projects dealing with child mental health.

Dr. Kacaleff has served as medical director of the Alton center since 1968 and has guided the comprehensive child community mental health program through periods of major growth. There is a staff of 87 at the main center and three branch offices.

The former local resident graduated from the Washington University School of Medicine in 1947 and received psychiatric residency training from Case Western Reserve University, Cleveland, in 1948-50.

He served as an Air Force captain in West Germany and at Scott Air Force Base in Illinois. His assignment being chief of the Neuro-Psychiatric Division.

## Sales tax

(Continued from Page 1)

the Madison County Transit District.

Neighboring cities will get a 1-cent food tax, with the transit district receiving its 1/2-cent tax. Merchants will use new sales tax charts and will adjust their electronic cash registers, as Granite City retailers did when the city enacted its new sales tax in 1982.

Other state tax changes include increased sales taxes for new vehicles ordered for delivery after Jan. 1. "This means that even if you ordered a car last month, you'll have to pay the higher rate if it won't be delivered to you until after Jan. 1," according to J. Thomas Johnson, state revenue director.

FEDERAL EXCISE taxes will be removed from tread, rubber, tube and off-the-road tires, while taxes will increase substantially for large truck tires. The new tax is based on the tire's weight.

New state safety regulations for motorcycles also will go into effect on Jan. 1. Persons under age 18 will be required to complete a motorcycle training course approved by the Illinois Department of Transportation before they can receive a motorcycle operator's license.

According to State Rep. Sam Wolf of Granite City, the increased risk of injury from motorcycle travel requires cycle operators to be more safety conscious.

(Four new state laws concerning drunk driving and other driving and auto license changes are explained in another article in this issue of the Press-Record, on Page 12.)

ANOTHER CHANGE will be an increase in the state's minimum wage law. The move will hike the Illinois minimum wage from \$2.30 per hour to \$2.55 for those 18 or older. For those under age 18, the minimum wage will climb from \$1.95 to \$2.30.

On Oct. 1, the state minimum will again be raised for those 18 and older to \$3, and then to \$3.35 on July 1, 1985. Those under 18 will get similar raises to \$2.55 and then \$2.85.

Social Security benefits will increase due to a 3 1/2 percent cost-of-living raise. The raise had been delayed from July 1983.

Medicare participants will pay an extra \$2.40 a month in premiums starting Jan. 1 because of higher health care costs.

**MAKING CHRISTMAS BRIGHTER.** Recipients of Christmas baskets from the Salvation Army make their selection of toys for their children last week. The distribution of baskets was again at the Corps' Community Center, 3007 E. 23rd Street. More than 1,200 families received assistance this year as a result of the successful Tree of Lights campaign. (Press-Record Photo)

## Arrest two after alleged beating

Called to a mobile home at 2511 E. 25th St. at 9:10 p.m. Tuesday, police were advised by Danny Peters that he had been pushed to the ground and beaten by Charles A. Ray, 37,

Route Six, Edwardsville, and Joe L. Smith, 43, of 4761 Vincent Ave.

The men came to the mobile home and told him and Diana Forsy to get out, Peters said. He added that he rents the dwelling from another man.

When she attempted to leave and get help, Miss Forsy said, she was thrown to the ground by Ray, who allegedly threatened a neighbor witnessing the disturbance. A 10-inch wrench allegedly was held by one person but was not found at the scene.

Ray and Smith first went to the mobile home earlier the same night and pushed their way inside, shoving him around and hitting him before leaving, Peters alleged.

Ray was charged with two counts of battery and one count of assault. He was released after posting \$396 cash bail.

Smith was charged with two counts of battery and was released upon posting \$204.

## PURSE STOLEN FROM CAR

While carrying groceries into her apartment Tuesday, Mrs. Barbara Wilkinson, 1304 Kirkpatrick Homes, left her shoulder purse in her car. When she returned minutes later, the purse was missing. It contained \$24, a driver's license and identification cards.

## Births

Births recorded at St. Elizabeth Medical Center include:

**BOYS**  
Mr. and Mrs. Gerard Alvarado, 2369 Clark Ave., Dec. 28, Cynthia Reanne, 9 pounds, 8 ounces.

**GIRLS**  
Mr. and Mrs. Gary Krumelch, Edwardsville, Dec. 28, Andrew William, 9 pounds, 15 ounces.

Mr. and Mrs. Gregory Stout, Edwardsville, Dec. 28, Adam Gregory, 7 pounds, 6 ounces.

## SPECIAL VENICE PARK MEETING FOR TONIGHT

Venice Park District commissioners will conduct a special board meeting at 7 p.m. today at the Venice Recreation Center, according to the Rev. John H. Williams, president.

The meeting will concern the sale of bonds for construction of a water slide and other improvements at Lee Park. The public is invited to attend.

## Food for poor

(Continued from Page 1)

then be used in programs that provide free meals to underprivileged children.

"THIS FOOD can go to any agency or individual that prepares food on site for the hungry and that gives away the food free of charge," she said.

"Anyone who is interested should first get in touch with the congressman (Melvin Price, D-East St. Louis) and let him get things going with Public Aid. After that, the office can arrange a place to put the food while it is waiting to be distributed."

Miss Halicki said arranging the place to store the food once it arrives from Granite City may be the hardest task to accomplish. "Here in

Peoria, we received 4,200 cases of food from the Granite City warehouse last week, and if someone hadn't donated some space to store the food we would have been in trouble. With the temperatures below zero, the food would have frozen pretty quickly."

"BUT IT WOULD be even harder to coordinate getting individual agencies here when the truck arrives and have them unload the supplies straight from the back of the truck."

She said the Granite City area warehouse is the only federal foods are stored.

Other warehouses are located in Kansas City, Mo., and in Wisconsin.

## Sewage plant snag

(Continued from Page 1)

Agency that, despite the recent and anticipated future violations, the situation should have no significant environmental impact.

"The dilution ratio (with the Mississippi River) is so high it (suspended solids) will virtually get lost," McMillan stated.

The plant currently accepts residential and industrial sewage from Granite City and selected Madison County areas.

The equipment failure follows an emergency authorization by the Granite City Council to spend \$10,000 for temporary repairs to two drive trains that move traveling bridges.

The bridges remove solid waste, called sludge, from partially treated sewage.

THE BRIDGES have been the source of continual problems at the plant. The failure of both bridges was responsible for the non-compliance.

The 80-foot-wide bridges, located in the plant's final clarifier unit, act to collect solid waste through suction and to plow the sludge along a 200-foot-long tank.

Suction equipment on the bridges was still functioning to treat sludge to some extent, until cold weather caused a "strange" and "unexplainable" scraping of the massive

suction arms along the bottom of the tank.

THE TWO damaged arms had to be removed, and the plant superintendent now hesitates to operate the remaining arms during periods of severe weather.

McMillan can only speculate on whether freezing groundwater caused the tank bottom to rise or steel in the arms to expand.

Repairs to one of the bridge drives had been two-thirds completed when the scraping problem appeared on Christmas Eve.

McMillan estimates repairs to the bridge drives could be finished in two to three weeks, but the periodic scraping problem could continue to come and go with severe weather conditions.

MAYOR PAUL SCHULER told aldermen at their regular Tuesday council session this week not to be overly concerned about the non-compliance situation.

The mayor described the financial condition of the plant budget as "awfully close to red" at the same meeting.

The city is hopeful grant money will become available to finance major repairs at the wastewater treatment plant.

## Extension boosts staff to aid in economic development

The University of Illinois Cooperative Extension Service is in the process of hiring three new staff members to work towards enhancing the economic development of Southern Illinois communities.

"The challenge in Southern Illinois is to find ways to deal with persistent social and economic problems related to low incomes while dealing with the growth opportunities available to residents, businesses and local governmental agencies," according to William R. Oschwald, Extension director.

Oschwald said the Cooperative Extension Service is seeking to expand and improve its services to the residents of Southern Illinois by expanding the number of area advisers with economic development specializations.

The new business and economic development adviser will work out of the Extension regional office in Edwardsville, while the new business management adviser will be housed in the Extension regional office in Benton. A new local government adviser has been hired and will begin working out of the Extension regional office in Effingham in late December.

John Quinn, who previously has served as an Extension land resources management specialist to the Urbana-Champaign campus of the U of I, has been hired as a local government adviser for Southern Illinois.

"The three new advisers will address the problems or economic development, small business management, business and industrial development, improvements in services of local governments and tourism development," Oschwald said, noting that the Extension Service is prepared to mount a substantially expanded problem-solving educational program in Southern Illinois and no other public agency currently is staffed to meet this need.

According to the Extension director, the new business management adviser, housed in Benton will develop new programs in small business assistance and management, interpret needs, provide counseling and offer technical assistance to small businesses, assist private entrepreneurs in sustaining and maintaining small business opportunities and maintain close contact with local business development groups, financial institutions and appropriate state and federal agencies.

The new business and economic development adviser will provide assistance in analyzing the overall potential for economic development in Southern Illinois. He will help analyze the competitive advantage for expansion of various types of economic activities and enterprises, will develop strategies for the expansion of employment and economic opportunities and will maintain close liaison with economic development groups to enhance business and industrial development in Southern Illinois.

Quinn, the new local government adviser working out of Effingham will provide organizational, educational and technical assistance to local government officials regarding public services, governmental finances and taxation, budgeting and fiscal management; assist local government officials in computer software applications for management purposes, and maintain liaison with educational programs for local government officials.

"The area adviser component of the extension information delivery system brings a needed level of specialization to the field. The new advisers will have the capability to concentrate on problems that are specific to the southern regions of the state," Oschwald said.

The U of I Cooperative Extension Service currently has a professional staff of 345 advisers working in 104 county offices across the state, 130 campus-based faculty and administrative staff members and 23 area advisers, not including 32 staff members dedicated to providing assistance with several farm-business management associations. Until the three new area advisers are hired, 100 Extension field staff

members are working in 34 Southern Illinois counties. They include 36.8 full-time equivalent positions related to agriculture, 31.7 in home economics and 31.5 devoted to youth.

The three new economic development advisers will work with county and state Extension staff and directly with clients to develop and deliver educational problem-solving activities and programs designed to accomplish a new direction in the economic development of Southern Illinois.

"County Extension advisers and Extension state specialists now on staff will cooperate and assist new staff members to accomplish intended goals. Expanded efforts will be made to cooperate with other agencies and universities in Southern Illinois to avoid duplication and to gain the benefits of joint efforts," Oschwald said, adding that the three new advisers are expected to be on the job early in 1984.

## Library Association honors Sen. Vadalabene

At its annual meeting, membership of the Illinois Library Association unanimously conferred a "Legislator of the Year" award on State Senator Sam Vadalabene (D-56th District). The award was presented at a special reception given in his honor by the Lewis & Clark Library Association, "Senator Sam" was recognized for his significant contributions to library development through his sponsorship and stewardship of important library legislation.

While Sen. Vadalabene has aided libraries and has sponsored several important bills over the last several years, this award recognizes special efforts in 1983 which resulted in increased funding for library systems, liberalization of borrowing powers of local public libraries, and a mandate that municipalities and townships must pay over to their public libraries a proportionate share of the corporate personal property tax replacement fund which they

receive, a library spokesman said.

Vadalabene's commitment and dedication to helping his constituents are reflected in his efforts to provide quality library and information services for all, the spokesman added.

### AUTO STALLS ON NAMEOKI ROAD, STRUCK BY TRUCK

Sheryl R. Conn, 32, Kansas City, Mo., was hurt slightly during the Christmas weekend in a 2:35 a.m. collision with the parked auto of Kathryn Kauffman, Maryville, in front of 4150 Nameoki Road. The injured woman was a passenger in the northbound pickup truck of Daniel Harris, 37, Independence, Mo.

The auto had stalled in a traffic lane and the motorist left to telephone for assistance after turning on emergency flashing lights. There was damage to the back of the car and the front of the truck.

## Dentistry Clinic opens

Chetna Rajpara D.D.S., recently announced the opening of her dentistry office in Granite City. Family Dentistry Clinic is located at 3136 Nameoki Rd. (next to Mister Donut). The clinic offers dentistry for all ages. Insurance, VISA, Mastercard, IDA and Medicare are accepted by the clinic for payment.

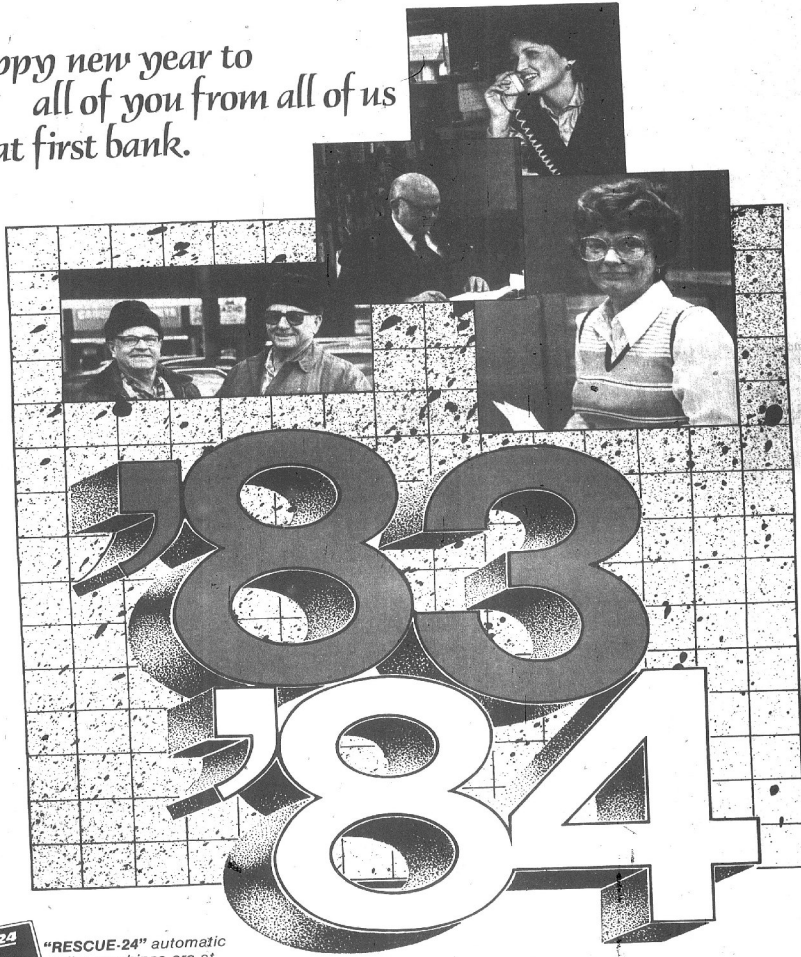

New and emergency patients are being accepted. For more information, or to make an appointment, interested persons may call 451-1696.

### Bridge Incident leads to arrests

Learning that a blue vehicle with Missouri license plates had passed the McKinley Bridge toll plaza during the weekend, Venice police halted a car on Route Three and arrested the driver, John V. Lembeck, 29, Ballwin, Mo.

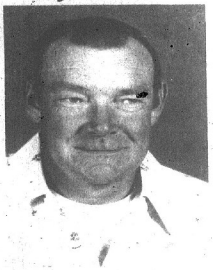

Outside police headquarters, Eric J. Wichern, 29, of St. Louis County, a passenger in the car, began protesting Lembeck's arrest and allegedly used loud and abusive language.

Declining to stay inside the car, he allegedly pushed and shoved a Venice police officer, who was assisted by a Madison officer in taking Wichern to the station.

Wichern, charged with disorderly conduct and resisting arrest, was released after posting \$104 cash bail. Lembeck was released upon posting \$52 bail on a charge of failure to pay the bridge toll.

# Obituaries

## Raymond Burris

Raymond E. Burris Sr., 48, of 701 Iowa St., Madison, an employee of the Terminal Railroad in St. Louis, became ill at home and was taken to St. Elizabeth Medical Center, where he was pronounced dead at 3:25 a.m. Wednesday, Dec. 28, 1983, by Dick Mizell, Madison County deputy coroner.

There will be an inquest to determine the cause of death.

A native of Jackson County, Ill., Mr. Burris lived in Murphysboro before moving to the Quad-City area 38 years ago.

Mr. Burris worked as a switchman for the Terminal Railroad for 26 years. He was a member of the United Transportation Union, and served with the U.S. Army during the mid-1960s.

He married the former Marie Eaton, who survives, on June 11, 1964, in Cahokia.

Other survivors includes two daughters, Mrs. Robert (Judith Ann) Culbert of Bowling Green, Ark., and Miss Amy Lynne Burris of Madison; one son, Private Raymond E. Burris Jr., stationed in Frankfurt, West Germany; two brothers, Forrest Burris, Granite City, and Donald Burris, Murphysboro; one sister, Mrs. Bill (Willma) Charles of Carbondale, and one grandson.

Visitation will begin at 5:30 p.m. today at Lahey-Sedlack Funeral Home, 501 Madison Ave., Madison. The Rev. W. L. Showers will conduct services at 1 p.m. Friday, Dec. 30, at the funeral home, with burial at St. John Cemetery, 2901 Nameoki Road.

Born: January 2, 1897

Died: November 25, 1983

## James King

James Wesley King, 87, of 815 Jackson St., Madison, died at 1:30 p.m. Monday, Dec. 26, 1983, at Deaconess Hospital, St. Louis, following a lengthy illness.

Born in Tennessee, Mr. King lived in Chicago for many years and locally for 30 years. He worked for the General American Car Foundry in Chicago prior to his retirement.

Mr. King was a member of a Catholic church in Chicago.

Among his survivors is a niece, Mrs. Ira B. Thomas of Madison, with whom he resided, and nieces and nephews in East St. Louis and Chicago.

Friends may call at the present time at Officer Funeral Home, 2114 Missouri Ave., East St. Louis. The Rev. William Wise will conduct funeral services at 7 p.m. today, Dec. 29, at the Southern Baptist Church, 921 Klein St., Venice, with burial in Sunset Garden of Memories, Millstadt, Ill.

## Ward Wood

Ward W. Wood, 88, of 2708 Nameoki Road, Ill. for one year, died at 8:30 a.m. Tuesday, Dec. 27, 1983, at St. Elizabeth Medical Center, where he was a patient for one day.

He was born July 25, 1895, in Pearl, Ill., and lived in this area for 80 years.

Mr. Wood worked as a locomotive engineer at Granite City Steel for 22 years prior to his retirement.

Mr. Wood was of the Protestant faith and a member of International Chemical Workers Local 50. He served with the U.S. Army during World War I.

He was preceded in death by his wife, Mrs. Gertrude (Dicker) Wood, who died July 13, 1982, and by three sisters and two brothers.

Survivors include four daughters, Mrs. Oscar (Norma M.) Warren, Mrs. Lloyd (Vera F.) Belcher and Mrs. Harry (Emilie M.) Hagopian, all of Granite City, and Mrs. Fred (Mary L.) Landreth of Eldon, Mo.; one son, Ward S. Wood, Granite City; 24 grandchildren, 31 great-grandchildren and two great-great-grandchildren.

The Rev. W. L. Showers conducted funeral services at 10 a.m. today, Dec. 29, at Mercer Mortuary Chapel, 1416 Niedringhaus Ave., with burial following at Sunset Hill Cemetery, Edwardsville Township.

**GEORGE HOPKINS.**

Mr. Hopkins, 72, of Granite City, a retired Madison High School teacher, died at his home Dec. 25 and services are planned at 1 p.m. today at Mercer Mortuary.

He was a past president of the Protestant Welfare Association and of the Madison School District Credit Union.

## Funeral services for Mrs. Edna Jacobs

Private funeral services were held Tuesday, Dec. 27, at an Altan funeral home for Mrs. Edna L. Jacobs, 76, of Altan, a retired employee of the federal government.

She worked at the Granite City Army installation and later in St. Louis.

Mrs. Jacobs died at 4:30 a.m. Saturday, Dec. 24, 1983, at Altan Memorial Hospital.

Her husband, Floyd Jacobs, died April 18, 1960.

Surviving is a sister, Hallie Hatfield of East Alton.

Burial was in Summit Grove Cemetery at Kampsville.

## Rites conducted for Mrs. Nora Phipps

Funeral services were held at 11 a.m. Tuesday, Dec. 27, at a funeral home in St. Peters, Mo., for Mrs. Nora E. Phipps, 88, of St. Peters, formerly of Granite City.

She died at 10:45 a.m. Friday, Dec. 23, 1983, at Clay West Nursing Home in St. Charles.

Surviving are a son, Junior Alfred of Eldorado; a daughter, Farol Padon of St. Peters; a sister, Alice Schrier of Moro; six grandchildren, 15 great-grandchildren and one great-great-grandchild.

Burial was in Sunset Hill Cemetery, Edwardsville Township.

## Services today for Esther Brockman

The Rev. Wilbur Lear will conduct funeral services at 1 p.m. today, Dec. 29, at Irwin Chapel for Mrs. Esther Ann Brockman, 83, of 3900 Stearns Ave.

She died at 4:05 p.m. Monday, Dec. 26, 1983, at St. Elizabeth Medical Center.

Surviving are a son, William Brockman of Granite City; two grandchildren and one great-grandchild.

Burial will be in St. John Cemetery, 2901 Nameoki Road.

Dear Friends,

Our funeral chapel sustained fire damage on December 22. All records, prearrangements and files remain intact and we continue to reside above the funeral home.

We are able to continue our service due to the kindness and generosity of Louise Sedlack, who is allowing us to operate out of the former Sedlack Funeral Home, 615 Madison Avenue, Madison, Illinois. A business office remains open at 2801 Madison Avenue, Granite City. Our phone number continues to be the same, 877-6500, at both locations.

With the help of many friends and neighbors in Granite City, Madison, Venice, Pontoon Beach and Mitchell, our new location is already in operation. We have appreciated your trust and confidence in the past and ask your patience during our time of repair and redecoration.

In Gratitude,  
Randall Irwin,  
Family and Staff

**TEAMWORK.** Three Granite City firefighters finish wrapping one of 100 baskets of food given to needy families in the community last week. From left are Charles Bernick, Keith Talley and Terry Suhre (standing). In background are Jeff LePore and Dave Ball, both emergency medical technicians. The Christmas basket project was a joint venture of the firefighters and EMTs. The Nestle, Prairie Farms and Shasta corporations located here donated products included in the baskets. (Press-Record Photo)

## Transfer funds for removal of snow in Nameoki Township

By PAT HAY LUTZ  
for the Press-Record

Expressing a need to insure adequate snow removal for Nameoki Township residents, Nameoki trustees on Tuesday night passed two resolutions which allowed the transfer of \$12,000 within Highway Commissioner Frank Mehelic's budget.

Mehelic requested the transfer of \$2,000 from materials and supplies into the gas and oil budget and \$10,000 from materials and supplies into the labor budget.

"Mr. Mehelic's already gone through \$16,500 which was allocated to him for gas and oil," Trustee W. Lee Adams said.

"With this transfer, his total use will be over \$18,000 by the end of February. It's hard to believe that

he can go through so much when he's laying men off."

Helen Hawkins and Joe Garcia agreed with Adams' suggestion that an earlier mandate by the board, which calls for the use of gasoline and oil by township workers to be logged and presented in a monthly report by Mehelic, be strictly enforced.

"I know for a fact that there were 165 to 250 gallons of gasoline unaccounted for (to Adams' satisfaction) every month during April through July," Adams stated. "It's time that this should stop and Mehelic present those gas logs like we told him to."

A third resolution, allowing the transfer of \$3,000 from mosquito abatement into the rabies control fund, was approved to pay for a new, full-time dogcatcher.

## 'Christmas for Kids' draws crowd to Granite City Hall

The first "Christmas for Kids" party thrown by elected Granite City officials and elected park, school and county board members attracted hundreds of youngsters to the City Hall on Christmas Eve.

Alderman Phillip Miller, Fourth Ward, estimates about 500 children visited Santa Claus and received a bag of treats from the North Pole resident.

Other treats were distributed to nursing homes in the area.

Granite City fire and ambulance employees donated two bicycles that were given to Barbara Szymek, 2339 Grand Ave., and James Townsend, 2035 Dewey Ave.

All funds for the party were donated by the elected officials.

## Bellemore Animal Hospital sets hours

The Bellemore Animal Hospital, 2117 Johnson Road, is announcing new hours to be effective on Jan. 1.

Dr. T. L. Holt said veterinarian's hours will be Monday, Tuesday, Thursday and Friday from 10 a.m.

to noon and 2 to 6 p.m. On Wednesday, doctor's hours will be 10 a.m. to noon and on Saturday the hours will be 8:30 a.m. until noon. All doctor's hours are by appointment.

New animal hospital hours will be 8 a.m. to 6 p.m. Monday through Friday. On Saturday, the hours will be 8 a.m. until noon. The hospital is closed on Sunday.

## Services Friday for Michael Rutkowski

Funeral services will be conducted at 10 a.m. Friday, Dec. 30, at Sacred Heart of Jesus Polish National Catholic Church, 920 Reynolds St., Madison, for Michael A. Rutkowski Sr., 58, of 2327 Emert Ave.

He died at 2:29 a.m. Tuesday, Dec. 27, 1983, at St. Elizabeth Medical Center.

A prayer service will be held at 7:30 p.m. today with Masonic services at 8 p.m. today, at Bob Thomas Memorial Mortuary, 2205 Pontoon Road.

Burial will be in St. John Cemetery, 2901 Nameoki Road. Survivors include his wife, Mrs. Betty (Reeves) Rutkowski; two daughters, Mrs. Patricia Tuthill and Miss Janet Rutkowski, both of Rockford; a son, Michael A. Rutkowski Jr., Granite City; his mother, Mrs. Elsie Rutkowski of Madison; two brothers, Walter and Stanley Rutkowski, both of Granite City; a sister, Mrs. Edmond (Helen) Szczepanik of Granite City, and two grandchildren.

## ARRESTED ON WARRANT

Clarence H. Hoffman, 40, of 2828 Victory Drive was arrested there at 7:50 p.m. Wednesday on a warrant alleging failure to appear and failing to pay on charges of speeding and driving with a suspended license. Bond was set at \$500 cash.

## Pedestrian hit by auto

Owen P. Kofelt, 41, of 1508 Second St., Madison, apparently was not seriously hurt when struck from the back by an auto while he was walking east on 20th Street near Benin Street at 4:30 p.m. Tuesday.

The driver, Robert E. Peters, 42, of 2310 Illinois Ave., whose auto was eastbound, said he failed to see the pedestrian walking in the roadway near the curb.

Kofelt was taken to St. Elizabeth Medical Center for treatment.

## CHARGE DRIVER SLEEPING IN PICKUP TRUCK AS DUI

Officers found a pickup truck with the engine running, parked across both traffic lanes in the 1500 block of alcohol. He was released after posting \$102 bail.

Farrington agreed to take a breathalyzer test and was charged with driving under the influence of alcohol. He was released after posting \$102 bail.

## News notes

The temperature returned to familiar "below zero" territory today, dropping to minus-one degree with a minus-24 wind-chill index. But the forecast is for moderating temperatures this weekend, with the prospect of snow on Jan. 1 and a new cold trend Jan. 2.

Charles Burns, an Edwardsville lawyer, said Tuesday he has withdrawn from the Democratic primary race for Madison County state's attorney, leaving the campaign to Richard "Dick" Allen of Granite City and Steve Maragides of Madison. On the Republican side, the primary contenders are James Heil of Godfrey and State's Attorney Don Weber, who is to be married tomorrow in St. Louis to Miss Virginia Rulison. Burns said Allen has lined up a major portion of the party's support. He said the outcome of an Allen-Weber general election race would be affected by the November 1984 popularity level of Pres. Ronald Reagan.

Winter guard classes at SIUE will begin Tuesday, Jan. 3.

Under a new state law, the names, addresses and party preferences of those voting in the March primary will be turned over to county political party chairmen.

Four injured on Edwards at Hall

In one of 12 traffic accidents investigated Tuesday by Granite City police, four persons in an auto operated by Milton J. Schwendemann, 2545 Adams St., sustained injuries.

The mishap occurred at Edwards and Hall streets at 2:40 p.m. Tuesday and also involved a vehicle driven by Donald J. Nagle, 17, of 2204 E. 26th St., who allegedly failed to stop at a stop sign and struck the Schwendemann car.

Nagle was charged with failure to give information and to yield the right-of-way. He was released after posting \$52 bail.

Injured were Schwendemann, 78, and three passengers in his auto, Mrs. Jessie Schwendemann, 71, of 2545 Adams St. and Gerald and Carol Schwendemann, both of Madison Heights, Mich.

Find new vehicles stolen from dealer

Two new vehicles stolen from a burglary at Granite Chrysler-Plymouth, 19th Street and Grand Avenue, were recovered Wednesday after the same day.

A 1984 Chrysler New Yorker, worth \$14,367, was seen in the 900 block of Madison Avenue, Madison, at 10:05 a.m. by Granite City Detective Jerry Wilson.

At 12:25 p.m., a \$16,500 customized Dodge van, also taken from the agency, was found in the 1600 block of Edison Avenue.

The burglars entered the service area of the dealership by breaking a window and then unlocked overhead doors to remove the vehicles.

License plates were taken from two autos left for service in the garage, apparently to be used on the new vehicles.

## STEAL GRILLE FROM CAR

Someone removed the grille on her 1978 Monte Carlo while the vehicle was at a parking area in the 1900 block of State Street, Cindy Niepert, 2429 Woodlawn Ave., reported at 11:15 p.m. Wednesday.

## Upcoming events

### Blood drive

The **CHURCH WOMEN UNITED** holiday blood drive is continuing this week at St. Elizabeth Catholic Church, Pontoon and Johnson roads. Dates and times are today, Dec. 29, from 2 to 6:45 p.m., and on Friday, Dec. 30, from 10 a.m. to 2:45 p.m. Donors should be 17 to 65; or, if older, they should have the written consent of their physician. Donors should have no history of hepatitis, cancer or heart disease.

### Holiday display

The **MADISON COUNTY HISTORICAL MUSEUM**, 715 N. Main St., Edwardsville, is concluding on Friday, Dec. 30, its old-fashioned Christmas display, including antique dolls, toys, Christmas greetings and postal cards. Final hours for the exhibit are Thursday and Friday from 9 a.m. to 4 p.m. There is no admission charge.

### Youth events

**TEENAGERS** up to and including age 19, are being invited to a dance from 7 to 10 p.m. on Friday, Dec. 30, at the Granite City Bowl (formerly Tri-Mor), Nameoki Road. The band, "Kulprit," with Kevin Kulpa, Paul Smith, Deron Boyd and Joel Donley will be featured. Parents are invited to attend free. Teenagers will be charged \$2.

A **NEW YEAR'S EVE** overnight party for girls and boys, age 6 to 10, will be hosted again this year by the Tri-City Area YMCA. The party will be conducted from 5 p.m. on Saturday, Dec. 31, until 9 a.m. on Sunday, Jan. 1. The cost is \$12. The gymnasium, game room, pool area and racquetball area will be open to participants. Reservations are required. Those interested in further information may call 876-7200.

### Skating schedule

**WILSON PARK ICE RINK** is offering holiday skating specials until Friday, Dec. 30. On Thursday and Friday, sessions from 1 to 3:30 p.m. with include free popcorn or a treat. Sessions with each admission ticket purchased. Regular evening sessions will take place those two days from 7 to 9:30 p.m. On Saturday, Dec. 31, and Sunday, Jan. 1, the rink will be open 1 to 3:30 p.m. and 7 to 9:30 p.m.

### Getting active

The adult **YMCA LEARN-TO-SWIM** registration deadline is Friday, Dec. 30. The program will cost \$4 and is open to persons age 13 and older. Participants will be taught basic swimming skills. Individuals will be allowed to progress at their own pace. Those interested in further information may call 876-7200.

The second session of the Granite City Park District **SLIMFITNESS** class will begin on Tuesday, Jan. 3. No fee will be charged residents with a park identification card. Others will be charged \$17.50. Those who registered for the first session are not required to register a second time. New participants must register in advance at the park office, Benton Street and Oregon Avenue. Classes will meet from 7 p.m. to 8:30 p.m. on Tuesday evenings and from 10 until 11:30 a.m. on Thursday and Saturday mornings.

### Census begins

The U.S. **BUREAU OF THE CENSUS** will visit selected households in the area, beginning in January, to conduct the Survey of Income and Program Participation. The survey will collect information on the economic status of residents. Representatives conducting the interviews will carry credentials identifying themselves as Census Bureau employees.

## Man, 20, caught after GC plant burglarized

A burglary charge was issued Tuesday against Jeffrey W. Thrasher, 20, of 241 Missouri Ave. in connection with a burglary at 11 p.m. Dec. 22 at the Kienstra Concrete Co., 2800 Circle Drive.

Police went to the scene upon being told of an apparent burglary in progress. Thrasher was captured in a foot chase after he had run through a snow-covered field and several lawns.

He was transferred Dec. 23 to the Madison County jail on a preliminary charge. The transfer order was given at a hearing conducted here by Circuit Judge George Moran Jr. Bond was set at \$20,000.

An employee who was checking a boiler at the concrete plant noticed bolt-cutters leaning against an exterior wall and then saw a man run out a door, cross railroad tracks and lie down near Missouri Avenue.

When the employees shouted at the man, he got up, ran west through an open field south of the Shasta beverage firm and fled along North Street and Logan Avenue.

Police took up the pursuit after noting that the man's shoe prints indicated he had fallen while fleeing from the Kienstra building, plunging into a drive-through pit at the concrete plant.

Leaving a square car in the 2600 block of Missouri, an officer began searching for the suspect and saw a

man run through residential yards and past the New Life Pentecostal Church.

The man continued running when ordered to halt, but was captured a short time later near the church. He had a leg leg injury.

It was alleged that a description of the burglar and his clothing matched that of Thrasher and his attire. Police reported finding a toolbox, containing masonry drill bits, washers and an impact drill.

Items confiscated as potential evidence included his shoes, a flashlight and belt-cutters.

An attempt had been made to remove a two-way radio from the plant, which was forcibly entered, investigators determined.

### REPORTS HOME INVASION

A Venice man said during the weekend that three masked men knocked on the door and then entered his home and stole a 12 gauge shotgun, a billfold, two leather coats and \$350 cash on Dec. 23. Venice police are investigating.

### PURSE TAKEN FROM HOME

Zenith Jones, 1232 Oriole St., Venice, reported during the weekend that a purse, containing some cash, a college card, driver license and other cards, was stolen from her home.

## Talk and support

A family education **SERIES ON ALCOHOLISM** is conducted from 6:30 to 8:30 p.m. each Tuesday at Tabbot Hall, an alcohol and drug abuse treatment center located in St. Elizabeth Medical Center. The cost is \$4. The talks are open to anyone in the community. Those interested in further information may call 788-5069.

## Deadlines

**CIRCUIT BREAKER** property tax relief applications for the 1982 claim year for low-income seniors or disabled must be postmarked by Saturday, Dec. 31. The grants are available to those 65 years or older with incomes under \$12,000 or those at least 16 with permanent disabilities. Many seniors may have already applied for the 1982 grant last January. The 1983 claim applications will not be available for a few weeks. The 1982 forms only may be picked up now at the Granite City Township Office, 2360 Delmar Ave. In addition also may obtain applications or information by calling the Department of Revenue at 1-217-782-3336, 1-217-782-4850 or 1-312-641-2150.

To be eligible for a lottery to determine recipients for new seven-letter **VANITY PLATES** for automobiles, individuals must postmark their configuration requests by Saturday, Dec. 31. The lottery is the result of the state expanding personalized plate possibilities from six to seven letters. Many are seeking the same seven-letter series, for example, "Michael" or "Mustang." The written requests should be sent to: Secretary of State Jim Edgar, Personalized Plate Section, Room 324, Centennial Building, Springfield, Ill. 62757.

The **DEPARTMENT OF VETERANS' AFFAIRS** has set a Saturday, Dec. 31, postmark deadline for the return of income questionnaires for those receiving veterans' pensions or parents' Dependency and Indemnity Compensation. Individuals interested in further information should contact the Department of Veterans' Affairs office for assistance.

## Holiday hours

**GRANITE CITY'S CITY HALL** and the **VENICE CITY HALL** will be closed Monday, Jan. 2. The **MADISON CITY HALL** will be closed at noon on Friday, Dec. 30, and all day on Monday, Jan. 2.

Granite City, Madison and Venice **POST OFFICES** will all be open Saturday, Dec. 31. On Monday, Jan. 2, the box lobby only of the main Granite City Post Office will be open from 8 a.m. to 5 p.m., all other post office locations in all three cities will be closed that day and no deliveries will be made.

The **GRANITE CITY PUBLIC LIBRARIES** will be closed Saturday, Dec. 31, and Sunday and Monday, Jan. 1 and 2. The **MADISON LIBRARY** will be closed Dec. 30 to Jan. 2, Friday, Saturday, Sunday and Monday.

The **DRIVERS LICENSE EXAMINING OFFICE**, 1815 Edison Ave., will be closed Saturday, Dec. 31, and will reopen Tuesday, Jan. 3.

The **GRANITE CITY PARK DISTRICT** office, Benton Street and Oregon Avenue, will be closed on Monday, Jan. 2. The **LINCOLN PLACE COMMUNITY CENTER** will be closed Saturday, Dec. 31, and Sunday, Jan. 1.

The following **AREA BANKS** will be closed Saturday, Dec. 31, and Monday, Jan. 2: American Heritage Bank, Colonial Bank of Granite City, First Granite City National Bank, First National Bank in Madison and Granite City Trust and Savings Bank.

Both locations of **FIRST GRANITE CITY SAVINGS**, 1825 Delmar Ave. and 1528 Johnson Road, will be closed Monday, Jan. 2. The **LAIDLAW WASTE SYSTEMS** will not make refuse collections in Granite City on Monday, Jan. 2. Residents that are regularly serviced on Monday will be visited the following day.

## Parkview School hosts Christmas party

Parkview School held a special Christmas assembly which included a singalong and a distribution of gifts by Santa Claus. Principal Agnes P. Fryntko opened the activities with a singalong of favorite Christmas carols.

Each grade then performed a holiday song. First graders sang "Up on the Roof" and second graders performed "Mary Had a Baby" and "Away in a Manger" with soloists Adrienne Yates and Lucas Ritchie. The third grade sang "Children Go Where I Send You" and fourth graders, "Deck the Halls."

The fifth grade recited "Twas the Night Before Christmas" and sang two carols.

The children and teachers then took turns singing "We Wish You a Merry Christmas" to each other. Mrs. Fryntko ended the songfest with a solo of "Silent Night" in Russian. Accompaniment for the singing was provided by Mrs. Mary Jane Foster, vocal music teacher. Later, Santa arrived and distributed gifts. Each classroom held a Christmas party later in the day, hosted by the room parents.

Mrs. Ford said he may have fled from the court's jurisdiction and left Illinois with the infant.

### MAN INJURED ON EMERT

An eastbound car operated by Leonard K. Cole, 26, South Roxana, slid on ice and struck a pickup truck belonging to Chris Hillmer, 3267 Willow Ave., parked in the 2300 block of Emert Avenue at 9:30 p.m. Tuesday. Cole suffered a minor injury.

## Butter, cheese Friday for residents of GC

Granite City Township residents who meet federally established guidelines may obtain free cheese and butter at the Salvation Army Community Center, 3007 E. 23rd St., starting at 9 a.m. Friday.

Persons eligible to receive the surplus food commodities are required to show a Social Security card and proof of residency, such as a recently paid utility bill or a dated rent receipt for November, according to Maxine Rutter, office coordinator.

A driver's license is not sufficient proof of residency, she cautioned. Due to the severe weather conditions, efforts were being made Wednesday to devise a distribution method which will allow those in line to wait inside the Salvation Army building, it was learned.

To meet the qualifying guidelines,

an individual eligible for the dairy products must have a monthly income of less than \$488; a couple can earn no more than \$648.

Other family sizes and the amounts of monthly income permitted are:  
A three-member family, \$698; four, \$869; five, \$1,129; six, \$1,299; seven, \$1,459; and eight, \$1,610.  
An additional \$129 in monthly income is allowed for each family member exceeding eight, Mrs. Rutter explained.

### BURGLAR TAKES RECORDER

Eugene Herrod, 84 Venice Homes, Venice, reported Tuesday that his RCA video recorder had been taken from his home. Entry had been gained into his residence by breaking out a door window.

## New homes

(Continued from Page 1)

that the board update village ordinances related to building and renovation projects.

Village President Paul Bennett asked Mary Warren, Pontoon Beach clerk, to prepare updated ordinances with the assistance of the village attorney, Robert Hennessey, for discussion and possible approval at the next meeting.

Several books on building codes relating to national, state and local guidelines were submitted by McMillon for the board's scrutiny.

**PRES. BENNETT**, with the approval of the board, suggested that Mrs. Warren present for three more copies of each informational book. These volumes will be placed on

file for future reference in matters concerning all codes.

Regulations which are to be updated in early 1984 include the Pontoon Beach fire code.

In other business, the village board approved paying monthly bills and signing and forwarding resolutions for use of \$20,000 in motor fuel tax funds.

### Lottery Results

Results of the Illinois State Lottery this week were:

Tuesday, Dec. 27: \$91

Pick 4 Game: 6105

Wednesday, Dec. 28: 971

## Grassroots Government

Upcoming meetings of Quad-City area governmental taxing bodies include:

Belleville Area College Board 3 p.m. Thursday, Dec. 29, at 2500 Carlyle Road, Belleville.  
Granite City Council 8 p.m. Tuesday, Jan. 3, at GC Town Hall.  
Madison City Council 7:30 p.m. Tuesday, Jan. 3, at Madison City Hall.

## Babson's report

(Continued from Page 1)

economic activity tempered somewhat in the final two quarters of the year.

In the third quarter, real GNP advanced at an annual rate of nearly 8 percent, and our estimate for the final 1983 quarter is on the order of a 5½ percent gain.

While the distinct deceleration is viewed with disquiet in some circles, Babson's feels that the throttling down of the rate of business advance from the lofty 9.7 percent pace of the second quarter was a good sign.

**THE SLOWER TEMPO** renders the economic upturn sustainable for a longer period of time than might have been the case had the convulsive upturn vault last spring been succeeded by equally forceful advances.

Such a scenario would have meant an overheated economy with resultant dangerous strains on the nation's productive facilities, manpower, material resources, and financial structure, a condition disastrous to the vital task of keeping inflation and interest rates tolerable.

Hence, Babson's expects the economy to experience the second phase of its new year-long cyclical expansion in 1984.

**OUR FORECAST** is for economic activity to trend consistently upward throughout the year but, with pent-up consumer and business demand less compelling, the further upswing in business will proceed on a smoother basis, devoid of the out-sized bulge which had occurred in 1983's second quarter.

Many hitherto lagging industries will join in, making for a sturdier, broader advance in 1984.

Fundamentally, the steadier upward progression in business will be more tenable, albeit less spectacular due to the likelihood that the element of vitality will be diminished.

**LOOK FOR NEW** sources of up-thrust.

During 1983, home building, automobile production and consumer spending provided much of the upthrust for the economy's recovery.

Now that recovery is giving way to expansion, it appears that fresh sources of impetus will provide the leadership for business in 1984.

Babson's anticipates that new residential building will remain in a high range, though upward momentum from this sector waned in the later stages of 1983.

After mortgage rates moved back upward, there was a definite leveling off in home building. Thus, 1984 is not likely to experience a fresh upsurge akin to 1983's first half.

**SPURRED** by active demand at the retail level, automobile production was stepped up as 1983 progressed. This provided good upthrust to the economy.

We expect new car purchases to hold up well in 1984. Production rates in the year ahead will not show much added acceleration from rates which have prevailed this past fall.

Except for a few soft spots early in the year, retail trade was an important fuel for the climb in business during 1983. This culminated in a very gratifying display of vibrance as the year drew to a close.

**HOWEVER**, whereas new home building and auto production seem destined to be bolstering influences for the economy in 1984, consumer spending can continue to generate fresh upward impetus for business over the year ahead.

Additional vitality will likely be contributed by business capital spending, defense expenditures, and business inventory accumulation, although all will be of only moderate upward intensity.

The nation's real gross national product (the value of goods and services produced, in 1972 dollars) will trend consistently upward in 1984, although there may be some tapering off late in the year.

The rate of quarterly increases will probably range around 3½ percent, slightly below the estimated 4.2 percent average for 1983 due to the more moderate advance.

Nevertheless, the steady, sustainable upturn will have a good deal of substance and enable 1984's average quarterly reading of the real GNP to post a 5½ percent, 10-year increment versus the estimated 3½ percent average gain estimated for 1983.

**INDUSTRIAL PRODUCTION:** The Federal Reserve Index of Industrial Production is also expected to chalk up good gains in 1984.

For this index, which measures physical volume (not

dollar value) of output of the nation's factories, mines and utilities, the further upward trek will be pretty consistent, as was the case in 1983.

Look for industrial production to average about 5 percent above the past year. This year-to-year increase will only approximate the estimated gain for 1983, but in some respects the achievement may turn out to be more formidable.

For example, production in 1983 snapped back from the low point of the recession and, while an increasing number of industries did experience more vibrant operations as the year progressed, consumer-oriented lines and suppliers thereto led the rebound.

We look for broader participation in 1984's advance as industries which normally lag the turns in economic cycles commence to benefit from the expansion phase.

**BUSINESS INVENTORIES**—Doubts concerning the probable vigor and durability of the business recovery were followed by surprise over the outburst of vitality in the second 1983 quarter.

Consequently, businessmen were slow to shift their thinking on inventory policy and stockpiles were slow to shift their thinking on inventory policy and stockpiles were worked further downward through midyear before some rebuilding took place in the second half.

We forecast that inventory accumulation will be distinct and persistent in 1984. This development will figure prominently in the upward trend of both the gross national product and industrial production.

The largely hand-to-mouth buying policies of 1983 will give way to increased emphasis on forward buying. More comfortable inventory positions will be deemed necessary since productive capacity utilization is approaching the theoretical level of maximum efficiency and there is no sign of abatement in demand.

But, memories are still vivid of the recent period of inventory liquidation, and renewed accumulation will doubtless be approached gingerly.

**CAPITAL EXPENDITURE**—Business investment in new plant and equipment did not play much of a role in the recovery phase of economic activity in 1983.

This was quite normal since there was a good deal of idle productive capacity available. However, capacity utilization rates overall

have risen past 80 percent, and the point of theoretical maximum efficiency is no longer far distant.

Thus, in recent months there have been increasing reports of planned boosts in capital outlay budgets.

This trend should continue and become more pronounced in 1984. Lending credence to this is the fact that business has been able to strengthen its financial position. Also, in recent years unprofitable and only marginally profitable plants have been either closed or sold.

Business is now better positioned to step up capital outlays. Still, we look for such projects to be selective and geared primarily toward productivity enhancement rather than large-scale expansions of production capacity.

Our forecast is for a 10 percent hike in 1984 business capital spending over 1983, after two "down" years in such investments.

**CONSTRUCTION**—A stellar performer during portions of 1982 and 1983, new housing starts will likely be a sustaining influence at best to economic activity in 1984.

While demand for housing is still compelling, the level of mortgage rates turned back upward in 1983. Although still well below the "unbearable" high rates of the late 1970s and early 1980s, and although the availability of mortgage credit is still better than it was then, the "affordability" factor is less of a plus for home buying than it was during much of the past two years.

Hence, Babson's forecast is for new private nonfarm housing starts to average around 1.7 million in the year ahead, approximating the achievement of 1983.

**EMPLOYMENT** and personal income—In the first half of 1983 there was only a minuscule downward shading in the employment rate. This was a point of vocal discontent among the jobless and the Administration's critics.

However, the employment rate was, and still is, serious indeed. But those who equated the painstakingly slow improvement with an emaciated economy have overlooked the healthy, unmistakable upturn in nonfarm employment totals, month after month.

Babson's foresees a continuation of the favorable employment climate. Nonfarm employment will move higher in 1984 on the strength of broader roster of industries sharing in the economy's expansion.

It will be difficult to duplicate the sparkling performance in which disrupted and virtually uninterrupted monthly employment gains were racked up in 1983.

The encouraging, and surprisingly distinct, reduction in the jobless rate over the second half of 1983 also will be difficult to repeat in 1984. However, some downward shading is likely, and the unemployment rate will average 7½ percent.

**HIGH LEVELS** of employment and expected wage hikes should enable personal income to trend higher in 1984.

Indeed, Babson's expectation is that the year-to-year gains in personal income will average higher than the achievements of 1983. Moreover, with the first part of the three-stage federal income tax cut for individuals in effect for full 1984—versus only a half year in 1983—the advance in take-home pay will be even more substantive.

There is some question as to the degree of betterment in real buying power, as inflation is currently expected to be up at least moderately in 1984. Nevertheless, personal income should be a plus for consumer confidence.

**CONSUMER** and government spending—Although spotty at times early in the year, retail trade was a vital force helping to lift the economy in 1983.

The superb Christmas selling season mirrored heightened consumer confidence.

While some of the pent-up demand was satiated during the past year's buying, the optimistic personal income-employment scenario we envision for 1984 will be more than equal to the task of boosting retail trade 10 percent over 1983.

Another source of vitality for the economy in 1984 will be government expenditures. An important aspect will be outlay for defense, which will spur demand for manpower and raw materials.

But there will be increased expenditures for a wide range of basic services at the federal level also.

**CORPORATE PROFITS** and dividends—The strong business recovery produced a snapback in corporate profits in 1983.

However, benefits of cost-cutting and productivity-enhancement programs initiated during the recession heightened profitability, enabling the past year to rack up an estimated 15 percent gain in corporate profits after taxes.

We forecast an even more impressive advance in net corporate profits—up as much as 20 percent in 1984. Babson's forecast is for more liberal dividend disbursements in 1984.

There will be instances of dividend hikes and extras over the year ahead.

**THE FARM SECTOR** is still deeply beset by problems. However, a ray of light did appear in some sectors in 1983.

With some easing in the ultra-strong U.S. dollar likely in 1984, slightly better farm exports could develop.

This could nudge overall farm prices somewhat higher and make for further moderate recovery in farm incomes. But many farmers are still in deep financial trouble, and farm surpluses remain burdensome despite 1983's disastrous crop outlook.

**INFLATION AND PRICES**—Despite the strong business recovery, inflation remained very tolerable and all of the "creeping" variety in 1983.

There were only upward shadings early on, but the trend bent more noticeably upward toward the year's end. However, brisker demand ranging from raw materials to finished goods is bound to spawn a wider array of price markups and boosts in costs over the coming year.

Babson's predicts that monthly advances in the Consumer Price Index will average around 5½ percent in 1984, less commendable than in 1983, but of only moderate intensity.

Still generally adequate supplies of materials and productive capacity will prevent runaway industrial prices in 1984, but quotes will be higher.

Although key farm carryovers are still burdensome, the effects of the drought last summer presage hikes of varying degree in agricultural and food prices, particularly livestock and meat.

**INTEREST RATES**—money and credit—Early 1984, months, and perhaps to midyear, could see some slippage in short-term interest rates of around 1 percent-2 percent, but look for a steady increase thereafter.

Overall, not much change in either short- or long-term rates.

Babson's expects the Federal Reserve to continue to balance its

monetary policy between reasonable banking credit needs and keeping the lid on inflationary pressures, a course dictated by prospects of substantial federal budget deficits in coming years.

**FOREIGN AFFAIRS**—1983 was a touchy year for the U.S. on the foreign affairs front.

While Babson's foresees some modest easing of tensions, the numerous sectors of raw sensitivity abroad render dramatic deterioration unlikely. Recent U.S.-Soviet relations are not likely to degenerate into an open break, but commencement of serious talks on nuclear and conventional arms limitation reduction must also be viewed as remote.

There will be improvement in foreign trade but, in view of the languid economic recovery abroad, progress in this arena may also be only moderate.

The task of materially lifting American exports is exacerbated by the strong dollar, but this factor could at least ease somewhat in 1984.

**STOCK AND BOND OUTLOOK**—Despite an advance of more than 250 points on the Dow Jones industrial average during 1983, the stock market was sluggish at times and beset by strong crosscurrents.

Over much of the year investors would almost certainly have been witnessing massive federal deficits. Nevertheless, the stock market did advance into new high ground with plenty of room for further gains.

The DJIA paraded past the 1200 mark and near year's end had the 1300 level dead in sight. What can the market do next year?

Basically, Babson's reports is still optimistic over prospects for the year ahead. At this point, it is premature to think in terms of an imminent reversal of the upturn which began in August of 1982.

We feel there is still significant headway to be made over the year ahead.

**FOR THE RECORD**, our forecast is for stock prices to average higher in 1984 with the Dow Jones industrial average fluctuating between 1150 on the lower end of the year's range and 1450 on the upper end.

If stronger than currently expected momentum develops, the average could even be thrust into the 1500 area. An important premise for our optimism is the forecast that investor confidence will be heightened by expectations that corporate profits will experience a signal betterment quantitatively and qualitatively.

A strong re-election bid by President Reagan and reasonably well-confined inflation also presents a plus. Interest rates are also central to sustained investor confidence.

Thus, Babson's recommends adherence to an investment policy which is primarily optimistic.

Investors can still find good values for growth, capital appreciation, and income. A balanced investment portfolio suitable for individual requirements. The bond market is not expected to experience material change in the year ahead.

## Recreation plan is available from state

Illinois' latest Statewide Comprehensive Outdoor Recreation Plan (SCORP) has been published by the Department of Conservation and is available to the public. "Outdoor Recreation in Illinois: The 1983 Policy Plan" has been prepared to guide outdoor recreation and natural and cultural resource conservation in the state, and to maintain Illinois' eligibility to receive monies from the federal Land and Water Conservation Fund (L&WCF).

This 100-page illustrated plan reassesses the major change in SCORP format by focusing on five underlying concerns and 11 major outdoor recreation and conservation issues selected on the basis of the SCORP public participation program. The underlying concerns include funding, stewardship, user in-

formation, recreation and resource information systems and cooperation. Issues covered are economic benefits of recreation, natural areas, fishing, long-distance trails, wetlands protection, hunting, recreation for the disabled, water resources, agricultural land protection, cultural heritage and acquisition options.

A brief description of the background and recent activities related to each concern and issue is made, followed by the policy and program directions the Department of Conservation will take to resolve the problem. The plan, published every five years, also presents a description of the state's characteristics and recent accomplishments in outdoor recreation provision, natural and cultural resource conservation.

The plan also describes revisions in the Department's L&WCF project selection process. Since 1969, Illinois has received almost \$117 million in L&WCF for more than 700 outdoor recreation and related resource planning, acquisition, and development projects at the state and local level.

Single copies of the plan are available by writing the Department of Conservation, Comprehensive Planning Section, 524 S. Second street, Springfield, Ill. 62706, or by telephoning 1-217-782-3715.

**BURGLAR RANSACKS HOME, TAKES \$100 IN CASH**  
John Hankins, 904 Grand Ave., Madison, returned home early last week to find that the air conditioner had been removed from a window and entry had been made into his home through a basement window. Hankins' home was ransacked and \$100 cash was taken.

**BURGLAR REMOVES CB**  
Steve Kulesa, 3024 Edgewood Ave., told Madison police last week that his car had been looted of its 40-channel CB radio that night. The car had been locked and parked in the Polish Hall parking lot. The thief had apparently used some sort of wire to open the car door.

## In Mater Dei Cage Tourney

# Warriors winning their way through tourney

By PAULA WISE  
of the Press-Record

BREESE — With an exciting last second 51-49 victory over the Hornets of Nashville, the Granite City Warrior basketball team moved into the semi-finals of the Mater Dei Holiday Tournament.

The semi final game will match the Warriors against host team Mater Dei at 9:30 p.m. tonight. The Knights currently have a 2-0 record. Warrior Coach Don Deterding feels they could give his team some problems.

"Mater Dei should be our toughest competition. They are a very good team," he said.

Deterding was also impressed with the speed of the Knights who reached the semi-finals by defeating Waterloo and Southwestern Plains.

The Warriors, who had defeated East St. Louis Assumption Tuesday night to reach the quarter finals, narrowly escaped defeat at the hands of the Nashville Hornets. With two minutes left in the game Nashville led the Warriors 47-45. However, a Hornets turnover gave the ball back to Granite City. The Warriors then worked the ball inside to Kurt Hyla who tied the score at 49.

With one minute left in the game, the Warriors benefited from another Nashville turnover. They immediately went into a stall. With four seconds left Warrior Art Williams put in a shot from the top of the key. Nashville's coach, Dave Fischer, called a timeout to stop the clock.

After the timeout, the Knights inbounded the ball and got off a shot which hit the rim but failed to go through the basket. This missed shot gave the Warriors a 51-49 victory.

Despite the win, Coach Deterding was not enthusiastic about his team's play.

"I'm very happy we won. We were very fortunate to have won because we played so poorly. We caused them to turn the ball over 27 times yet we still had to win in the

last seconds," said Coach Deterding.

"The most encouraging thing is they are starting to believe in themselves. They are playing with confidence. Even though we got behind they knew we could still win."

"I don't believe we would have made that shot two weeks ago," Deterding said referring to William's shot to win the game.

In the Warrior's first match of the tournament against Assumption they were also forced to come from behind.

The Warriors scored first, but the Pioneers came right back to tie the score. The teams traded baskets and the score moved to a 10-10 tie. A short scoring spree by the Pioneers gave them a 15-10 advantage. Jeff Gray, who was high scorer for the Warriors with 29 points, added four points to make the score at the end of the first quarter 15-14.

Assumption opened the scoring in the second quarter. Key turnovers and missed shots by the Warriors gave the Pioneers a quick six-point lead, 27-21. This was to be the Pioneers' last lead of the game.

The scoring for the rest of the quarter was just about even with Assumption holding a 31-27 half-time lead.

The Warriors' main problem in the first half was lack of offense. Their press had forced Assumption to turn the ball over, but they had failed to capitalize on the turnovers.

"We didn't shoot well and didn't run our offense," said Coach Deterding about his team's first half play.

The second half appeared as if it would be a rerun of the first as Assumption scored first to return their lead to six points. However, baskets by Jeff Gray and Gerald Booker pulled the Warriors to within two.

The Pioneers retaliated with two baskets of their own. A short scoring spree by the Warriors got them back into the ball game with six straight points to make the score at the end of

three quarters 37-41.

The fourth quarter was all Granite City. The Warriors, who had failed to capitalize on earlier Assumption turnovers, used the Pioneers' mistakes to put points on the board. The Warriors outscored the Pioneers 20-7 in the fourth quarter to make the final score 57-44.

"I think our press wore them down. They panicked once they got behind. It started to snowball and it was hard for them to come back after that," Deterding said.

Deterding was also happy with the play of reserve forward Booker who came in to score six points and force several Assumption turnovers on defense.

"Booker did a super job. He came in and gave us the spark we needed," said Deterding.

Other teams to reach the semi-finals include Mater Dei, who will face the Warriors tonight at 9:30 p.m., and Springfield-Griffin, and Chatham-Glenwood who will meet in finals will be held Friday night at 9 p.m.

Springfield-Griffin reached the semi's by defeating Okawville and O'Fallon. Chatham-Glenwood earned a berth in the semi-finals by defeating Brees Central and Roxana.

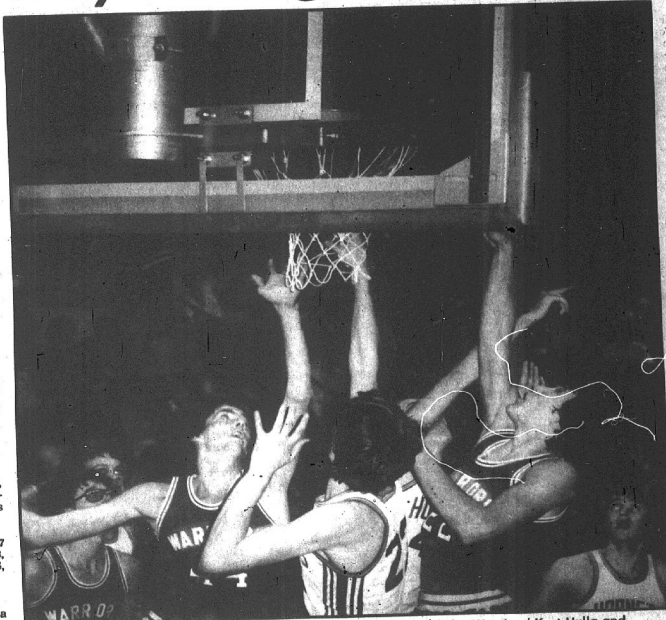

### SCORING

GCBS — (57): Jeff Gray 13 3-5 29, Cant 2-4 7, Booker 3 6, Joe Gray 1 3-5, Hyla 2 4, Adamitis 2 4, Williams 12. FG 24, FT 9, PF 15.

ASSUMPTION — (44): Robinson 7 1-1 15, Yancy 5-9 13, Liddell 2 4-8, Little 2 2-6, Dozier 2 2-2. FG 16, FT 12, PF 14.

GCBS — (51): Williams 7 14, Hyla 5 0-2 10, Jeff Gray 3 6, Joe Gray 3 6, Apperson 2 2-4 6, Adamitis 2 1-2 5, Cant 2 4. FG 24, FT 3, PF 14.

NASHVILLE — (49): Pelczynski 7 4-18, Borowski 5-3 13, Spener 3 4-10, Cox 1 2-4, Bartling 2 4. FG 18, FT 13, PF 12.

**UP FOR GRABS.** The ball appears to be just out of reach for Warriors' Kurt Hyla and Gary Apperson as they try to out jump Nashville's John Pelczynski in the quarter finals of the Mater Dei Holiday Basketball Tournament Wednesday night. The Warriors defeated the Hornets 51-49 on a last second basket by Art Williams. Granite City also defeated Assumption Tuesday 57-44 on a last second basket by Art Williams. The Warriors will meet Mater Dei tonight at 9:30 p.m. in the night to reach the quarter finals. The Warriors will meet Mater Dei tonight at 9:30 p.m. in the semi-final. ## In Holiday Mat Tourney

# Warrior grapplers limp to seventh place finish

## Riverview Gardens Wins

By ALAN L. GERSTENECKER  
Sports Editor  
of the Press-Record

GRANITE CITY — For most of the season, the Granite City High School wrestling team has had to grapple with more than just their opponents on the mats. They've also had to contend with a multitude of sidelining injuries as well.

Things were no different this week either for the Warriors during the 23rd Annual Granite City High School Holiday Wrestling Tournament. The injury riddled Warrior squad limped through the championship session Wednesday night winning one third-place victory and finishing seventh in team points. The Warriors' "little-big" man, 98-pound Jeff Cotter, defeated Hazelwood Central's Rich Ecks 4-2 for that third-place honor.

The Warriors placed six other athletes — two fourths, three fifths and one sixth. Gary Mann, the Warriors' 105 pounder, finished fourth after losing 4-2 to Rich McDonald of Hazelwood Central. Granite City's other fourth place finisher was Steve Knogl, at 155 pounds, who dropped to Paul Greco of Riverview Gardens.

Granite City's three fifth place finishers include Greg Nemeth, 119 pounds, who pinned Ritenour's Doug Smith in 4:35 to secure a fifth place finish; Mark Whitaker, 145 pounds, who edged Roxana's Ben Finke 14-12; and Deron Griffin, heavyweight, who won by a default over Stephen Brent McKenney of the Warriors' 126 pounder, defaulted to sixth place after suffering an injury which left him hospitalized.

McKenney was taken by ambulance to St. Elizabeth Medical Center Wednesday shortly after 3 p.m. after he blacked out following a consolation semi-final match. He remained there overnight for observation.

The Warriors' finish, which certainly ranks among their worst finishes in the history of the tourney, was not an impressive experience for the Warrior Coach Bill "Red" Schmitt.

"Overall, this was a very discouraging tournament," Schmitt began. "I can't recall the exact year, but it seems that one other time we also finished with just a third place. Generally, we're not in

shape and we need to develop a little more tiger instinct," Schmitt said assessing his team.

Ironically, what turned out to be a lean tournament for the Warriors turned out to be an banner tournament for the Riverview Gardens (Mo.) Rams. The Rams did something no other team competing in the history of the prestigious holiday tournament have done. They scored 260½ points, eclipsing Granite City North's team high point total of 237 just a year ago.

Riverview's tournament championship is the Rams' sixth in 12 years. No other team has taken home more championships. Granite City South, in its brief 10-years history, won the tournament six times.

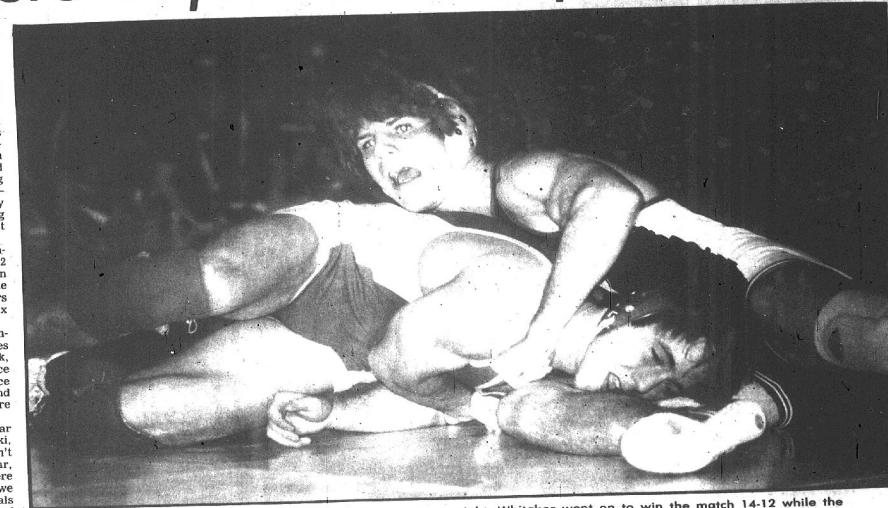

The Rams dominated the tournament like few teams have. Besides setting a new high point total mark, Riverview bettered second place Roxana by 63½ points, third place Roxana by more than 100 points and seventh place Granite City by more than 145 points.

"This is typical of the kind of year we're having," said Phil Lapinski, Riverview Gardens coach. "I don't think this is not our best year, although there may be some here who'll disagree with that. But, we came in here with good credentials, a 4-0 record in duals, one quad meet victory and an eight-team meet victory. We just have good people," Lapinski said assessing his championship team.

"Our coaching theory is to get the kids in the best physical condition possible. When they're out there on the mats if they're in good shape they can score a lot of points late in the match. We try to have them outwork the opposition."

Lapinski, who has been at Riverview for 15 years and head coach for 10 years, attributed part of the team's success to his coaching staff. "We've got an excellent coaching staff, and I don't mean just myself, but everyone. I think we have good coaches, but what makes it happen is that the kids really want to win. They're a great bunch of athletes."

Lapinski, a 1964 graduate of Granite City High School and 103 pound grappler under the old weight divisions, was one of five coaches at the tournament who prepped at Granite City High School.

**MAT MEN.** Granite City High School's 145 pound wrestler Mark Whitaker, top, grapples during his fifth place championship match against Roxana's Ben Finke Wednesday

The other coaches include Dennis Ragan, now coaching at Carbondale, Gary Oxford, now the Hawks' coach at Hazelwood Central, Tom Carmody, who's now coaching the Crimsons at Jacksonville and Steve Garland, now head coach at Triad.

Granite City wrestlers who did not place in the tournament include John Jenkins, 112 pounds, two qualifying round losses; Mike Lewis, 132 pounds, two qualifying round losses; Jeff Scott, 138 pounds, two qualifying round losses; Tracy McElroy, 167 pounds, two qualifying round losses and Chris Greer, 185 pounds, two qualifying round losses.

The Warriors' frustration thus far can perhaps be surmised in the number of athletes who represented them on the mats this year. To date, with more than half of the season

still remaining, Granite City has used 26 athletes in different starting weight divisions, mostly to fill vacancies left by injuries. Normally during the course of an entire season, no more than 24 wrestlers represent the Warriors on the mats, Schmitt said.

Competition is a part of the reason for the number of athletes, but not nearly as big a factor as are the injuries. In summation, the Warriors, because of injuries, are juggling their lineup and wrestling more younger athletes than they ever have because of injuries.

Among the injured are usual starters Mark Dowdy, who did not compete in the tourney due to strained ligaments in his ankle, and Jeff Wakeford, a promising grappler out temporarily with a bruised sternum.

The Warriors now have more than a week to rest and contemplate the tournament before meeting Belleville-East on Jan. 6 in Belleville.

On another note related to the tourney, the tournament queens include Diana Ashai, Karla Venarsky, Jenny Will, Vicki Kingston, Kaundra Himmelright and Carrie Ross.

# In Centralia Tourney Trojans' defense stymies Belleville West, 59-45

By ROGER KRAMER  
of the Press-Record

CENTRALIA — Whoops, another secret was let out of the bag, but Madison basketball coach Larry Graham did mind giving this one out.

Yes, Graham and the Trojans are well known throughout Southern Illinois as an explosive offensive team. Most people believe that the Trojans have so much offense that they really don't need a defense.

But the Trojans surprised Belleville West with defense in the first round of the Centralia Holiday Tournament and pulled out a 59-45 victory over the Maroons.

"Most people don't know us as a defensive team because we score a lot," Graham said. "I think our defense might be a little bit underrated. They think we're nothing but a run and gun team, but we can beat a few guys with our defense too."

Madison's defensive effort put the Trojans, now 5-2 for the season, into a championship quarterfinal game against defending champion Benton today at 2:45 p.m. Benton's Bruce Baker, who was last year's tournament MVP, scored 21 points to lead the Rangers past Chicago Marist 61-48.

If the Trojans win, they will play the winner of tomorrow's Edwardsville-Homewood-Flossmoor Friday at 1:15 p.m. The third place game will be at 7:30 p.m. Friday, and the championship game follows that. If the Trojans lose today, they will be eliminated from the tournament.

## Former Steeler

## DePew dressing for Illini Rose Bowl

When Daren DePew signed his letter of intent to attend the University of Illinois, he was confident the Fighting Illini would go to the Rose Bowl sometime during his career.

As it turns out, DePew had plenty of reason to be confident. The Fighting Illini, are at the Rose Bowl, and DePew is with them. Although DePew has been redshirted this season and has not played a single minute for the Illini, he will be dressed and ready for action Monday in Pasadena, Calif.

Illinois, which won the Big Ten this year and has a 10-1 record, plays the UCLA Bruins. Kickoff time is 4 p.m. CST.

Madison finished third in the tournament last year and won it in 1980.

Although the type of defense Graham used was no surprise to Belleville West Coach Roger Mueller, the effectiveness was.

"I wasn't surprised by what Madison did," Mueller said. "I've watched what Larry (Graham) does, and I had a good idea of what he was going to do. We just couldn't score as much as we liked to."

Madison forced the Maroons to make 12 turnovers, which is far from a season high for Madison defense. More importantly, Madison allowed West to take only 40 shots from the field and outscored the Maroons 30-17.

Graham credited the improvement in the defense — and offense — to better teamwork. By far, it was the Trojans' best team effort of the year, but it wasn't easy to drill that into the Trojans.

"I had to use the pine line drill to get them to play better," Graham said. "For those not familiar with the pine line drill, it goes like this. If a player doesn't learn to make good passes or do his share on defense, he will have to sit on the pine line, also known as the bench."

Graham's starting line-up looked as if he had to use the drill quite frequently this year. In addition to regulars Michael Young, Victor Valentine, DeLloyd Williams and Reggie Banks, Graham stuck reserve Anthony Newsome into the line-up.

DePew, who will be wearing No. 7 for the Illini, is still the second string placekicker for the Illini, but if starting placekicker Chris White is injured at the Rose Bowl, DePew is likely to be the kicker.

If DePew would happen to play in the Rose Bowl, he would forgo his redshirt status for the year. He cannot be redshirted again.

The Fighting Illini are currently practicing at Citrus College, in Azusa, Calif. They have been practicing in California since Dec. 19.

DePew, a freshman at Illinois, was a 1983 graduate of Granite City North. DePew scored 180 points during his career at North. He kicked 21

"Anthony may not be our best player, but he's a sparkplug, and we needed a sparkplug. This was an excellent team effort, and we really had to have against a good team like West," Graham said.

Although Newsome didn't score, he somehow sparked his teammates to do so. Four players scored in double figures, and the defense was nothing short of excellent.

At halftime, the game was tied at 26. It was mainly the efforts of West's Trevor Anglim and Andy Smith which kept West with the Trojans. Anglim scored 14 points in the first half, mostly on undefended moves under the basket. Meanwhile, Smith scored eight points in the half, all on 25-foot jump shots.

However, Madison held the pair to four and two points respectively in the second half. Anglim no longer had the easy layup, and Madison smothered Smith outside. To make matters worse, West could find no one else to take over the scoring.

"Ideally, you'd like to have balanced scoring," Mueller said. "Hopefully, we can develop that as we go along. However, we took some bad shots, and they grabbed the rebounds."

Madison grabbed rebounds galore in the second half. Madison screened West under the basket so effective, that only once did the Maroon had more than one shot at the basket in the second half.

field goals and 41 extra points while North. In addition, he holds the state high school record for the longest field goal, 54 yards.

DePew closely battled White, the son of Illinois Coach Mike White, for the starting position during practice this summer but lost out to him because artificial turf hindered his kicking motion. White is a sophomore.

The redshirt does not affect DePew's baseball career. DePew will start winter training for the baseball season Jan. 9, only a week after the Rose Bowl.

AAA Maintenance—  
SNOW REMOVAL  
Call 931-0420

That, of course, meant the Maroons either had to make those shots or lose the ball. They lost the ball more often than they scored.

Madison gradually built its lead in the second half. At halftime, the Trojans led 40-34. By the end of the end of the game, Madison did whatever it wanted.

The Trojans outscored West 11-4 in the final three minutes of the game. The Trojans scored eight points in the last minute of the game, including three fast-break layups.

Madison's balance is what killed the Maroons. James Bennett came off the bench to lead Madison with 14 points. Banks scored 13 points, and Young and Williams both scored 12 points.

The performance left Graham as happy as a coach could be. He even leaped in happiness in the locker room.

"I'm really happy about this game. You always want to win the first game in the tournament, and you hope to win the next three. It's the best game we've had this season," Graham said.

The Trojans gave Graham several reasons for happiness. Joe Crowder, also coming off the bench, blocked three shots. Young and Valentine kept the pressure on Smith and Maroon guard Mark Lanxon.

"It's good to have a effort like that against Belleville West," Graham said. "They're not a great team, but they're a good team, and you have to have a good effort to beat them."

Belleville West sank to 3-3 for the season with the loss.

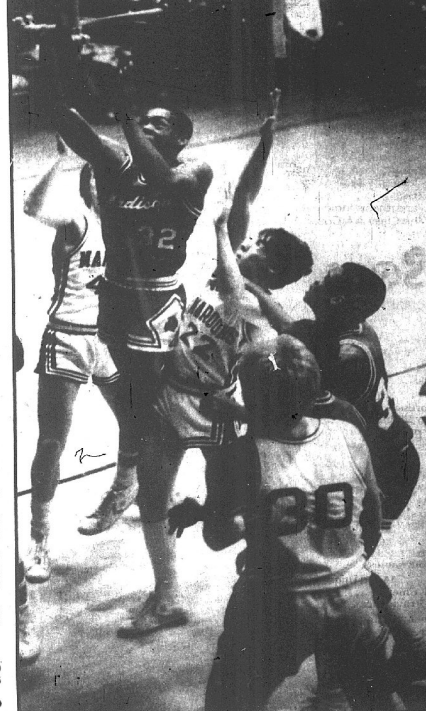

In other first round games, Edwardsville got 19 points out of Rod Strommeier to lead the Tigers to a 47-44 victory over Jeffersonville, Ky. Homewood-Flossmoor survived Champaign Central's stall and won 28-18 for the right to play Edwardsville.

Nathan Chambers scored 21 points and Stan Silas added 19 to lead Cahokia to a 39-50 win over Salem.

## For the Championship

## Venice plucks Bud; meets Gibault

By AL BARNES  
of the Press-Record

COLUMBIA — The Venice High School Red Devils will meet Gibault High of Waterloo tonight at 8:30 p.m. for the championship of the Columbia High School Holiday Basketball Tournament.

Last night Coach Clinton Harris' team advanced to its chance at the crown with a convincing 60-40 victory over a stubborn Red Bud quintet. Gibault made it into the

finals with an upset 51-48 victory over one of the area's Class A teams Lebanon.

The Venice-Red Bud game was hard fought through three quarters. Venice led by four at the half, 38-34, and by only five at the three-quarter mark, 52-47.

Then the Devils' Mr. Clutch, Eddie Salmend, and his two running mates, Larry McGhee and Phillip White, stole a couple of balls each which allowed the Devils to pull

away for the victory. Salmend led Venice with 26 points on 10 field and six of eight free throws. Joe Ludwig paced Red Bud with 27 points as he poured in 11 field goals and made good on five of seven free throws.

Venice's victory upped their record to 8-2 while Red Bud dropped to 6-2. The Devils advanced to their shot against Red Bud by defeating Jerseyville 65-61 in first round action Monday. Then in the second game they ran past Freeburg Tuesday 66-42. Venice's next home game will be Jan. 13 when they take on Assumption High.

**SCORING**  
VENICE (88): Salmend 26, McGhee 11, Wise 6, White 22, Jackson 13, Hamilton 4, Milton 6. FG 36, FT 16-22.

RED BUD (67): Ludwig 27, Schwartz 10, Joels 6, Graves 12, Stedell 12, Cowdell 0. FG 28, FT 11-16.

## Holiday swim sessions at YMCA

The Tri-City Area YMCA is offering a special holiday pool schedule through Jan. 8. This special schedule will give each household a chance to relax and have fun at the same time," a YMCA spokesman said.

Swims have been set up for members and for individuals who buy day passes. The YMCA offers lap swims and recreational swims. Individuals who are interested in trying the arthritis class pay only \$1 per class. The class is meeting Monday through Wednesday, from 10 to 10:45 a.m.

The new spring schedule will begin on Jan. 9. This schedule will run for four weeks meeting twice a week. Activities will include lap swims, recreational swims, family swims and swim lessons. Lessons will include Diaper Dip (ages 6 months to 2 years), Tadpole (3 to 5 years), Polliwog (beginners 8 to 12), Minnow and Advanced (children with advanced skills), adult classes (beginners and intermediate), Swimnastics (water exercise) and arthritis exercise.

More information is available at the YMCA at 876-7200.

## Contribution To Athletes

**GYM BAG RECIPIENTS.** Granite City Steel, a division of National Steel Corporation, recently presented gym bags to athletes who competed in the Granite City High School fall sports season. Thus far, the steel manufacturer has presented 400 bags to GCHS athletes. It is the intent of the corporation to give each athlete one such bag during his competitive days at Granite City High. Administrators and GC Steel officials estimate that 600 athletes will receive bags during the course of the year. Pictured above (beginning left)

are Joe Fedora, assistant administrator for athletics and physical education, Ed Sambuchi, vice president and general manager of Granite City Steel, Jim Robertson, cross country team captain, Jeff Pare, golf team captain, Dina Lombardi, girls' tennis team captain, Matt Sheridan, soccer team captain, Lisa Lilley, volleyball team captain, Tom Adamits, football team captain, Terry Seabolt, vice president of Granite City Steel and Dave Portney, school board president. GC Steel's represents approximately a \$4,000 investment.

## Sports Briefs

## Maass paces Benedictine to NAIA tournament

Eric Maass, a 1982 graduate of Granite City High School North, was a member of the Benedictine College soccer team which competed in the NAIA National Tournament in Wichita Falls, Texas, recently. The top 12 small college teams in the country participated in the tournament. Benedictine, which is located in Atchison, Kan., was rated number one in the country for the first time in the school's history this year. Benedictine lost the first round of the round-robin tournament, to Simon-Fraser College 1-0, then won the second round by beating the University of Alabama-Huntsville, 4-1. In the third round Simon-Fraser defeated the University of Alabama

thus eliminating Benedictine from competition. Maass played midfield for the team, the same position he played for the Granite North team, and was fourth in points scored.

Maass, a Biology major, attends Benedictine on an academic scholarship and carries a 3.2 grade point average. He finds college soccer a lot more demanding than high school soccer.

"In high school it was easy, but now it's hard to go to school and play soccer too. College soccer is a lot tougher, you have to be stronger. But college does have its advantages. The coaching is better than high school, at least up there (at Benedictine) we win," he said jokingly.

## Jiles named Trojanettes' cage assistant

Mark Jiles was named as the assistant girls' basketball coach for Madison High School Tuesday night. Jiles, who is a biology teacher at the high school, also serves as an assis-

tant coach in Madison's football program. Jiles was named assistant after a letter from Carol Stern, girls' basketball coach informing school board members that she had a larger squad than usual this season and that she needed an assistant.

## Changes in car and driving license laws

New laws going into effect Jan. 1 will result in safer Illinois highways and make licensing and registration more efficient and convenient for Illinois drivers and vehicle owners.

"The new four-year drivers licenses which will begin issuing Jan. 1 will save Illinois motorists time and money," Secretary of State Jim Edgar said this week.

"Extending the life of drivers licenses from three to four years will enable my office to issue licenses more efficiently without jeopardizing this state's excellent traffic safety record."

The new four-year licenses will be phased in through 1987. The fee for the four-year license will increase from \$8 to \$10.

Senior citizens are to pay a \$5 fee and the cost of duplicate or corrected license is to be \$5.

All new drivers and drivers age 69 and older will receive new four-year licenses in 1984. Four-year driver licenses in 1984 for drivers age 69 will be phased in over a three-year period.

Beginning Jan. 1, drivers age 69 and older having no accidents or traffic violations on their records at the time of renewal will be exempt from having to take the written driver's license examination.

"This policy, which was adopted for drivers under age 69 a year and a half ago, has proven extremely successful," Edgar said. "Rewarding safe drivers is as important as punishing the unsafe ones."

Legislation was passed which abolishes the issuance of charitable vehicle (CV) plates to passenger cars and motorcycles.

The "CV" plates will continue to be issued to vans, trucks, trailers and buses, other than school buses, owned by charitable or religious organizations.

"We have received numerous complaints from vehicles owners about larger, luxury-type vehicles displaying 'CV' plates. These plates cost much less than the fee everyone else has to pay," Edgar said.

Edgar said records in his office indicate there were 527 Cadillac, 147 Lincoln, 18 Mercedes-Benz and one Rolls Royce displaying "CV" plates in 1983.

"Among the most important legislation passed by the General Assembly this year are five bills refining the issuance of two-year old drunk driving law," Edgar added.

"These bills give us additional tools to use in identifying repeat offenders, and include tougher penalties for repeat drunk drivers and those who are convicted for DUI (driving under the influence) and subsequently drive on a revoked license."

"The DUI bills that go into effect Jan. 1 do the following:

- Require the secretary of state's office to be notified of cases given court supervision following DUI and other serious traffic offenses. Heavy-duty supervision cases reported allow repeat offenders to be identified and progressive penalties to be applied.
- Require mandatory imprisonment for a minimum of 48 hours or

10 days of public service for second or subsequent DUI convictions within a five-year period.

"Clarify the law on illegal transportation of alcohol beverages by establishing specific offenses covering the driver and passengers of a vehicle carrying open alcohol."

"Require mandatory imprisonment for a minimum of seven consecutive days or 30 days of public service for driving on a revoked or suspended license due to DUI, reckless homicide or leaving the scene of a personal injury or fatal accident."

"Limit the granting of court supervision for DUI to once every five years and prohibit the removal of DUI supervision from court records for five years."

Beginning in 1984, the secretary of state's office will issue seven-year personalized license plates.

A special lottery will be held in January to determine the recipients of new seven-year plates for which there are more than one request.

"To be eligible for the lottery, written requests for seven-year plates must be postmarked no later than Dec. 31, 1983. Following the lottery, all seven-year plate requests will be handled on a first-come, first-served basis."

Additional legislation passed in the 1983 session increases the one-time fee for personalized plates from \$50 to \$75. The annual fee is not increased.

Several other increasing services to handicapped drivers and passengers go into effect in 1984.

One bill expands the definition of a handicapped person eligible to use designated parking places to include those with cardiac and respiratory conditions and family members who frequently transport blind persons.

The bill also authorizes the issuance of handicapped decals to be displayed on vehicles used to transport handicapped persons in place of license plates.

"This legislation is important because it will improve the mobility of a large number of our citizens who are not covered under the present laws," Edgar said.

"The new definitions and the decals will make travel easier for handicapped persons who drive and for those who rely on family and friends for transportation."

A new law that goes into effect Jan. 1, 1984, requires that all title certificates issued to vehicles be marked with the word "REBUILT."

The purpose is to more clearly identify the vehicle as one that has suffered major damage and undergone extensive repairs following an accident.

"The purpose is to more clearly identify the vehicle as one that has suffered major damage and undergone extensive repairs following an accident."

"The purpose is to more clearly identify the vehicle as one that has suffered major damage and undergone extensive repairs following an accident."

## Prayer Breakfast Sunday at Bethel AME Church

Bethel A.M.E. Church, 1035 market St., Venice, will host its first prayer breakfast Sunday, Jan. 1, in keeping with the theme, "Come, Pray and Dine With Us," the Rev. Alfred Johnson, host pastor announced.

Breakfast will be served from 7 to 7:45 a.m. to be followed by a service of prayers, arranged by Mrs. Ola Jones, chairman of the event.

Prayers for World Peace will be offered by the Rev. Linda Shugert, pastor of Mitchell Presbyterian Church and the Rev. Charlotte Zachary, minister of the First United Presbyterian Church of Madison.

The Rev. Don F. Pierson, pastor of

Nameoki Presbyterian Church will deliver the family prayer segment of the service and Walter Davis, youth trustee, will speak on behalf of the Youth Prayer part of the program.

Other ministers to participate in the special observance will be the Rev. Jerome Jackson of Mount Nebo Baptist Church and the Rev. John Williams of New Salem Baptist Church.

Special musical selections will be performed by the Bethel Church Choir, the chairman added.

### Phillip Kraus born; couple's fourth child

Mr. and Mrs. Darryl (Polly) Kraus, 3336 Village Lane, are announcing the birth of their first son, Phillip Stephen Kraus, Dec. 18 at St. Luke's West Hospital, Chesterfield, Mo.

He weighed eight pounds, seven ounces, and has three sisters, Sara Jane, nine years old, Amy Elizabeth, six, and Rebecca Lynn, four.

Maternal grandparents are Mr. and Mrs. John Gloscki, Irving, Ill. Paternal grandparents are Mr. and Mrs. Robert Kraus of Hot Springs Village, Ark.

### Tenants Council hosts party for 300 people

The Madison City Tenants Council for the Garesche-Grenier Homes entertained 300 people at a dinner and Christmas party at the recreation center at the housing facility.

On the Friday preceding the party the council provided treats of fruit, candy and nuts for the children at a 10 a.m. gathering, co-ordinated by Martha Roberts, a member of the council, and Ann Potts, secretary.

During the holiday season 30 new members enrolled in the council which meets on the first and third Monday of each month.

### FIRE IN FURNACE MOTOR

A furnace motor ignited in an employees' locker room at the Terminal Railroad Association yards during the weekend and was extinguished by Venice firefighters.

**GENERAL EMPLOYEES.** Clerks, carriers and other employees of the Granite City Post Office helped to brighten Christmas for nine families in Granite City this year. Posing with nine boxes of food and other grocery products last week are, from left, Jan Krohn and Dove Davis, both clerks, and Herbert Cain and Bill Barton, both carriers at the Granite City facility. Included in the boxes were canned goods, fresh fruit, bread, laundry and paper goods and a ham. The recipients were selected from needy families on various mail routes in the city.

## Sasyk on executive panel of Regional Commerce

Ted C. Wettara, chairman and chief executive officer, Wettara, Inc., has been re-elected to a second one-year term as chairman of the board of the St. Louis Regional Commerce and Growth Association.

Mayor Mike Sasyk of Madison has been appointed to the executive committee of RCGA.

Other officers re-elected at the RCGA board's December meeting were Robert C. West, board chairman and CEO, Sverdrup Corp., vice chairman of the board, Lee M. Liberman, chairman and president, Laclede Gas Co., treasurer, and James M. O'Flynn, RCGA president.

John A. Wright was appointed RCGA vice chairman for economic development. He is president, chairman and CEO of St. Joe Minerals Corp. Nick P. Chiapelas, president, Keeler-Morris Printing Co., was appointed vice chairman for marketing.

Re-appointed were Carroll J. Donohue, vice chairman for membership; Guy Jester, vice chairman for transportation, and John H. Poelker, vice chairman for legislative affairs.

Board members appointed to the RCGA executive committee are Gary Cowger, plant manager, General Motors Assembly Division, Wentzville; Neal J. Farrell, president, Mercantile Trust Co.; Ron Gamache, secretary-treasurer, Teamsters Local 688; William K. Gould, president, National Graphics, Inc.; Harold Guller, chairman of the board, Essex Industries, Inc.

Also, Robert L. Harmon, corporate vice president, civic affairs, McDonnell Douglas Corp.; James L. Hoagland, president and CEO, Graybar Electric Co., Inc.; Charles F. Knight, chairman and CEO, Emerson Electric Co.; Gene McNary, St. Louis County executive; James M. Ringland, St. Louis group manager, Sears, Roebuck & Co.; Mayor Sasyk, chairman, Southwestern Illinois Metropolitan and Regional Planning Commission; and Vincent Schoenmehl, mayor, City of St. Louis.

### MIKE SASYK

Mike Sasyk, mayor of Madison, is shown in a photo. He is a member of the executive committee of the St. Louis Regional Commerce and Growth Association.

### BEATEN WITH FIST, CHAIR

Mrs. Crystal Wise, 1712 Ferguson Ave., was beaten badly at her home with a fist and then a chair in the past week. She had a facial abrasion, swelling and discoloration about the right eye and nose, a split and swollen lip, swollen left little finger and bruises about the body, arms and legs.

Colossians 1:18 "And he is the head of the body, the church."

Paul, the Apostle, declares Christ to be the image of the invisible God, as does John in his gospel: "And the Word was made flesh, and dwelt among us..." (John 1:14). We can therefore comprehend that the Bible is telling us that if we have seen Christ, we have seen God.

It should be just as true of the church, the body of believers. Christ is head of this body, and the church and when we see believers in Christ, we should be able to see God!

Now, before looking at someone else to see if God shines through, let us look at ourselves. Can others see God in us? Do we live our lives so that God is glorified?

Christ is the head and we are HIS body. Let us strive to be everything we should be in Him. As we bring in the New Year, let us purpose in our hearts to be more like Jesus.

Let us start today.

**WORD OF LIFE TABERNACLE**  
12th and Meridian  
Henry Crippen, Pastor

## Woman wins \$3 million

Vivian Mack, a 62-year-old woman who lives in O'Fallon Park, received her biggest holiday present Tuesday, when she learned she was the only lotto player to match all six winning numbers in the Dec. 24 selection and has won \$3 million.

The prize will be awarded in 20 annual payments of \$150,000.

She will share her good fortune with her husband of 41 years, Stanley, and their daughter, Cheryl. She also has three grandchildren.

The winning ticket was purchased at the Brentenowne Drug Store in Tinley Park, Ill. The agent will receive one percent of the prize — \$30,000 — for selling the ticket.

"I watched the drawing Saturday night, but I was not feeling well and it took some time for me to check the numbers," Mrs. Mack said.

"It was not until this morning that we found out we were the only winners, and it was quite an emotional experience that is only now sinking in."

Both she and her husband are semi-retired. Stanley Mack works for the Mueller & Son Vending Machine Company in Blue Island, and she works at Cavallini's Restaurant in Midland.

"I have been playing lotto regularly since June and my numbers have always been random choices — but I have kept the same numbers since the start," she said. "The most I had ever won before was \$100 in the instant lottery game."

"There are no words to describe how we feel, but the money will allow us to fulfill a dream retirement and help provide for our daughter."

The only immediate plans are some vacation time to pursue an avid golfing interest of both her and her husband, who probably will in the warmer climate of Florida.

In addition to the grand prize winners, 255 lotto players matched five of the six winning numbers to win \$1,421 each.

Four of the six winning numbers were matched by 16,273 players, and they won \$37 each.

This week's winning numbers were 15, 18, 21, 22, 24 and 40.

A single winner in the Dec. 31 selection would win \$5 million and multiple winners would share the actual cash in the grand prize pool.

## Limits ended at Midway Airport

The Federal Aviation Administration (FAA) will lift controls on hourly arrivals of planes at Chicago-Midway Airport on Feb. 29.

Four months after air controllers went on strike August 1981, Midway was placed under the same capacity constraints as O'Hare Field. Because of those controls, Midwest Airlines considered setting up an operational hub outside of Chicago. Now the controls have been ended.

The FAA said O'Hare Field will remain under constraints until at least April 1, 1984. At that time, a new high density rule is expected to go into effect. Details of which are not yet known.

More growth can be expected at Midway in 1984, besides possible new flights by Midway Airlines, Northwest Orient and Air Florida which already have service there. Several new and existing airlines are expected to start service after the controls are lifted in February at the southwest side airport.

## Anchorage yule party attracts 80 members

Mrs. Augusta Lampe, president of the Anchorage Senior Citizen Club, welcomed 80 members and guests to a holiday dinner party held in the recreation hall of the housing facility.

To open the festive event she led all in repeating the Lord's Prayer

and pledge of allegiance. Guests introduced by the president, included, Mayor Paul Schuler, David Morgan, Casimir Skubish, Everett Morelan, Margaret Crawshaw, Regina Millsap, Gertrude Leary, Wesley Williams and his wife, Virginia and Kimberly Marie and Jason Backs.

The mayor and Skubish donated table centerpiece that were later awarded as prizes to Paul Lynn, Evelyn Smith and Catherine Cagelan and Willis Flowers provided the birthday flower won by Mary Forcade.

Mrs. Lampe presented a basket of fruit to Morgan, and club gifts were

then given to Mrs. Lampe, Gertrude Leary, Williams and Backs. Game prizes were won by Bessie Milton, Geneva Boyd, Mildred Miller, Carrie Durrell, Nola Heiney, Edna Ishum, Georgia Butler, Abner Branding, Helen Stone and Jo Wilkens.

## Parkview parents view student musical

A musical program entitled, "The Small One," was performed by the sixth grade students of Parkview School under the direction of Mrs. Mary Jane Fester, at the December meeting of the PTA organization.

Mrs. Fester is the local music instructor for the school.

With the special program for the night dispensed with regular business matters.

The president announced Alderman Woody Moad donated funds to the school to be used to help the needy families in that particular area. She also noted the Elks Hoop Shoot was held at the school earlier this month and the winners will be

eligible to advance to Grigsby Junior High School for competition. Mrs. Agnes Fryntzko, principal, reported a booklet entitled, "Did You Say Parkview?" written by the students and teachers, was sent home with the students this month. Refreshments were served in the school cafeteria after the program and meeting.

## New Year's Eve at Son-Life Fellowship

Mike Adkins, noted gospel singer, will be in concert on New Year's Eve at Son-Life Fellowship, 1203 Vandalla St., Collinsville, at 8 p.m.

There will be an intermission at 9:30 p.m. and a catered meal will be served at a cost of \$3 for adults and \$2 for children under 12. The concert will resume at about 11 p.m. followed by a candlelight service to usher in the new year, according to the Rev. Dennis W. Amaden.

The featured singer travels with a 40-foot screen and does a multi-media presentation while he sings. He also has appeared on the PTL Club and has his own half hour show on the PTL satellite network.

## Mr. and Mrs. Rains announce 1st child

Mr. and Mrs. Gregory A. Rains, 413 Jeanette Drive, are announcing the birth of their first child, a boy born on Dec. 21, at St. Mary's Health Center in Richmond Heights, Mo.

The new arrival has been named Adrean Earl and he weighed 7 pounds, 14 ounces.

Grandparents are Mr. and Mrs. Adrean Rains, Granite City, and Mr. and Mrs. Earl Trober of Collinsville. The great-grandmothers, Mrs. Norma Rains and Mrs. Ruth Geroff, both live in Granite City.

John Sieling and Kelly Mulligan

## Mulligan-Sieling

Mr. and Mrs. Arthur Mulligan, 92 Holiday Mobile Home Park, are announcing the engagement of their daughter, Miss Kelly Dawn Mulligan to John Richard Sieling.

Parents of the groom-elect, Mr. and Mrs. Richard Sieling, reside at 22 Park St., Caseyville. Miss Mulligan graduated this year from Granite City High School North and is employed at R. Rowland Brokerage Firm in St. Louis.

Her fiancé is attending school and is working at the Convenient Food Mart in Collinsville.

## Santa's helper visits Organ Pedalers meet

Henry Coleman dressed in his favorite Santa's costume visited the December meeting of the A.O.A.U. Organ Pedalers and distributed gifts under the Christmas tree to the members and guests, at a party held at the National School of Music, 2100 Cleveland Blvd.

Grand Pedaler Carolyn Belling presided over the business segment which was followed by a potluck buffet dinner.

Those attending were, Fern and Harvey House, Leroy Barth, Zelma Finch, Burel Schmeiser, Diane Mason, and guests, Rita Smith and Andy Reynolds. Also, Betty and Glen Aplegate, Irene Dawes, Elizabeth Novachik and guest.

Dorothy Alsop, Dorie and Fred Schmidt.

Entertainment for the night included Henry Coleman bringing a 100-year old music box and playing selections on it and a sing-along Christmas carol fest with all participants in the singing accompanied by Carolyn Belling at the organ and Burel Schmeiser on the guitar.

Other selections were performed by Dorothy Alsop on the organ and Diane Mason at the piano and organ and Andy Reynolds, guitarist. The next meeting will be held in the home of Doris Schmidt, 2200 Lynch Ave., at 7 p.m. on Jan. 16.

## Mr. and Mrs. Gordon Dolan celebrates 40th anniversary

Mr. and Mrs. Gordon Dolan of Granite City, were guests of honor at a family dinner held in the Golden Legion Hall at Golden, Ill., marking their 40th wedding anniversary.

They were married on Dec. 11, 1943, in the Trinity Lutheran Church in Golden by the late Dr. K. William Braun.

Attending the couple were Arlene Gerdes, a sister of the bride, Velma Chapman, cousin of the bride, and Bill Gonsalves.

Mrs. Dolan is the daughter of Mrs. Lena Gerdes of Golden and the late Gerhard Gerdes. Mr. Dolan is the son of the late Mr. and Mrs. Frank Dolan of Holly, N.Y.

The honorees have two sons, James of Granite City, and Robert of Carmi, Ill., and one grandson, Nathaniel Dolan of Carmi.

Those attending the dinner were James Dolan, Mr. and Mrs. Robert Dolan, and son, Mrs. Lena Gerdes,

Arlene Gerdes, Mr. and Mrs. Raymond Gerdes, Mrs. Sadie Ideus, Mrs. Hattie Gerdes, Mr. and Mrs. Ike Heinecke, Rudy Taute and Mr. and Mrs. Cobus Jullis.

## Married

### Byrd-File

Miss DeAnn Marie File, daughter of Mrs. Sharon File, 2517 Lincoln Ave., and the late Edward File, and U.S. Army Private Timothy Carter Byrd, son of Mr. and Mrs. Henry Byrd, 5 Briarcliff Drive, were united in marriage on Dec. 3 at Niedringhaus United Methodist Church.

The Rev. Louis Frick performed the 7 p.m. ceremony and nuptial selections were provided by Lisa Groothuis at the organ and Cathy Butler and Angela Ashcraft, soloists.

Guests were received at a reception at the VFW Hall immediately following the ceremony.

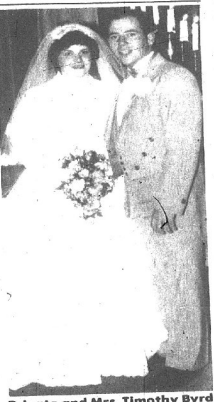

A sister of the bride, Miss Mona File, served as honor attendant with bridesmaids Karen Myers and Carla White.

Sara Myers, a cousin of the bride, was the flower girl.

The groom chose Randy Harmon as best man, and Stanley Myers, an uncle of the bride, and Ray Vaughn, as groomsmen.

David Harmon and Glenn Lane seated the guests and also served as candlelighters.

Both young people graduated from Granite City High School South. The bride was employed as a claims processor for John Felker Benefit Ser-

Private and Mrs. Timothy Byrd

vice, and the groom is serving with the U. S. Army 24th Infantry Division at Hunter Army Air Field in Savannah, Ga.

They are now residing in Savannah.

### Craig Kalogerous name girl Ashley

Mr. and Mrs. Craig Kalogerous, 2136 Robert Ave., have selected the name Ashley Nicole for their daughter born on Dec. 21 at St. Elizabeth Medical Center. She weighed 8 pounds, 2 ounces.

Grandparents include Mr. and Mrs. John Mezo and Mr. and Mrs. Von Kalogerous, all of Granite City. Great-grandparents are, Mrs. Marie Hackney, Granite City, and Mrs. Josie Bloxam of Tuscola, Ill.

## Retired Federal Employees hear reports

Legislative reports concerning members of the National Association of Retired Federal Employees, Chapter 1067, were discussed at a meeting held at Charlie's Restaurant, last week, followed by a holiday party.

Chapter President Harry McClintock conducted the session and Mrs. Thara Erney gave the invocation and led the pledge to the flag. After the luncheon Mrs. Erney read a poem entitled, "Difference."

Officer reports were submitted and approved for the year. Service Officer Georgina McMillan advised that because of the increase in programs, impacting on retirees and their survivor annuities, NARFE Headquarters will issue a quarterly publication for the guidance of chapter service officers.

She also announced that the "open season" for changes in health benefits has been extended until Dec. 10th.

First Vice-President Lawrence Henghold then gave the Legislative Liaison Committee report as follows: The Consumer Price Index for October 1983 was 301.3, up 2 percent over September and 3.2 percent above the December 1982 index of 292.0; during 1983, congress passed the "Federal Employees' Retirement Contribution Adjustment Act." Among its provisions, it requires: As of Jan. 1, 1984, all new employees joining the Federal workforce will pay 7 percent of the first \$37,800.00 of their salaries to the Social Security fund, plus another 1.3 percent of their full salary to the Federal Retirement System. At the present

time, employees pay 7 percent of their full salary to the Federal Retirement System and another 1.3 percent to Medicare.

Employing agencies will continue to pay their share to the Federal Retirement System; that is, 7 percent of all salaries. However, the 5.7 percent which, after Jan. 1, 1984, will not be paid by new people into the Federal Retirement System but will be directly appropriated to the system by Congress in 30-year amortization payments.

This legislation will be in effect until January 1986 unless a new supplemental retirement system is enacted before that date. The federal retiree cost-of-living allowance increase was in the same bill with the Federal Employees' pay raise which was not placed before the Senate prior to adjournment. Congress for the holidays. Because of this Federal employees will not receive a 4 percent increase as passed by the House and instead, will only 3.5 percent as recommended by the president. In as much as it was introduced in the last session of Congress, the question of retirees COLA can be reintroduced in January and amended still further.

At the conclusion of his report, Mr. Henghold thanked the membership for entrusting him with chapter officer responsibilities during the preceding nine years. His position as treasurer of the City of Edwardsville is getting more involved, and he is finding it increasingly difficult to

devote the needed time to execute properly the duties of chapter officer. However, he is looking forward to attending future meetings as an interested and concerned member.

Mrs. Mayme Vallow stated that, during the previous month, her Sunshine Committee sent one get-well card to a chapter member and has just learned that another is ill.

In the way of old business, the chapter president called for a table collection to be donated to the Salvation Army "Tree of Lights" campaign and \$73 was contributed. Mr. McClintock, after reminding members that the matter of nominations for chapter secretary was still an open issue, asked for names of candidates.

First Vice-President Lawrence Henghold installed the following officers who will assume their duties during the first meeting of 1984: president, Gerald Walters, first vice president, Ruth Stoyanoff; second vice president, Thara Erney; and treasurer, Helen Martin.

After extending congratulations to five members who celebrate birthdays during December, the president announced that the next meeting will be held at Charlie's on Jan. 9th.

The program committee, chaired by Elmer Ebrecht, then conducted a Christmas party for members present. The festivities were concluded by an exchange of gifts among members.

**NEW VAN.** Andrew Gitchoff, commander of Disabled American Veterans, Chapter 53, presents the keys for the new van, purchased by Chapter 53, to Tony Elliott, who delivers hot meals to area residents unable to cook for themselves, as Sister Mary Thomas, SEMC president, looks on. DAV Chapter 53 also purchased the first van in 1976 for the Mobile Meal project at St. Elizabeth Medical Center and with the increase need for more meals members agreed to provide a second vehicle to aid those on a waiting list for hot meal delivery.

## DAV donates second van for Mobile Meals

The Mobile Meals program at St. Elizabeth Medical Center received a most welcome gift this holiday season. The Disabled American Veterans, Chapter 53, donated a new van to be used for meal deliveries.

With the addition of the new van, the medical center can expand the program to deliver hot meals to 100 area residents who are homebound and unable to cook for themselves. Previously, the program served 91 people, with more than 30 people on the waiting list.

"This donation really means a lot," said Sister Mary Thomas, SEMC president. "Many people

need the service that Mobile Meals provides, but until we got this second van, we couldn't serve them all. We had no choice except to add their names to the waiting list."

In the 13 years that the Mobile Meals program has been in existence, hundreds of people have received assistance. But, as Sister Thomas explains, hot nutritious meals are only part of the service. "Many of the Mobile Meals recipients have little contact with the outside world, so they really look forward to seeing our driver, Tony Elliott, each day. He has become a friend to these people. He keeps an eye on them and even helps them with household repairs."

The Mobile Meals program began as a joint venture of church volunteers, Catholic, Charities and Protestant Welfare. SEMC provided the meals, Protestant Welfare handled the billing.

Charities assisted clients in their homes and volunteers from various churches drove their cars from home to home delivering the meals. By 1976, the program had grown so large that SEMC took over the billing, client screening and meal preparation. The Disabled American Veterans came through for the program then too, donating the first Mobile Meals van.

Donations are important to help keep the program going, Sister Thomas said. "Mobile Meals is not a charity. It is a service. It is not a charity and each recipient pays what he or she can. Some pay nothing and some pay a dime. Only 25 percent of the people currently receiving the meals can afford the total cost, so the program's annual budget often runs thousands of dollars in the red."

"In spite of the cost, we feel that this is an important program and we have no intention of discontinuing it. With the support of generous people like the Disabled American Veterans, we hope to keep the program going for a long time to come," Sister Thomas explained.

## Nameoki Presbyterian to welcome New Year

"We will mark the beginning of the New Year by gathering around the Lord's Table," reports the Rev. Don F. Pierson of the Nameoki Presbyterian Church, 1700 Pontoon Road. The service will begin at 10:45 p.m. when the theme of the Commu-

nion meditation will be "Beyond the Last Page."

Judy Hankins, chairman of the Christian Education and Youth Team of the session announces that "we will be introducing a new curriculum for the junior and senior highs that will enable our young people to understand and interpret the Bible." She also added that the pastor will be teaching "Faith and Its Counterparts" in the 9:30 a.m. Coffee Hour and Bible Study for adults.

Mrs. Elmer (Sandra) Gode reports that the congregation contributed over \$900 for Christmas baskets and the church's Crisis Center. "This is a reflection of the concern of our members for the needy of our community," she explained. "We have also provided funds for 'Project Help' during the Thanksgiving season," added Mrs. Harold (Joyce) Toussaint, chairman of the Board of Deacons.

Sunday School classes are provided for all ages in addition to the Adult Coffee Hour and Bible Study each Sunday at 9:30 a.m. The worship service begins at 10:45 a.m. "We welcome those looking for a church home in our community," offered Pastor Pierson.

## THE LAW AND YOU

BY RICK REED  
Attorney At Law

When a couple is experiencing marital problems, they often have trouble deciding whether to seek a legal separation or a dissolution of marriage. The major distinction between a legal separation and a dissolution is that with a legal separation the parties remain married at the conclusion of the proceeding while with the dissolution the marriage is ended. Often people mistakenly believe that if they obtain a legal separation, this will automatically convert into a divorce after a specified period of time. In fact, a couple who obtains a legal separation will have to re-petition the court and start all over again if they later decide to get a divorce.

There are three primary reasons why a couple may decide to pursue a legal separation rather than a divorce. In some cases, the parties do not want to obtain a divorce for religious reasons. In other instances, one spouse may be in a situation where he or she needs to be carried on the other's insurance. Normally when a couple obtains a divorce, the spouse carried as a dependent on health insurance will have to be dropped from the ex-spouse's insurance. This is not the case with a legal separation. Finally, the parties may want to obtain a legal separation rather than a

divorce because they may want to give the marriage a chance to work before pursuing a dissolution. Some may ask why one should pursue a legal separation when the parties could informally separate without the necessity of a formal court order. It should be remembered, however, that until there is a court order entered, the husband has no obligation to pay child support or maintenance. In addition, the husband and wife may also want the court to spell out who gets custody and how much visitation the non-custodial parent will receive. Finally, a formal court order pursuant to a legal separation can also prohibit the husband or wife from selling or otherwise disposing of marital property during the period of time the parties are separated.

In one recent case, the husband filed for divorce after ten years of marriage. The wife counter-filed for a legal separation. Testimony at the hearing revealed that the wife was covered on the husband's health insurance policy through work, and that she would be unable to obtain her own coverage in the event of divorce because of a preexisting illness. In this case, the judge granted a legal separation rather than a dissolution.

# Growth continuing at local university

Highlights of 1983 at Southern Illinois University at Edwardsville. Approval to divide the School of Science and Engineering into two schools, the School of Sciences and the School of Engineering, was given by the SIUE Board during its January meeting, to become effective July 1.

At the February meeting, members of the board reviewed Harris Rowe to its chairmanship, a position he previously held from 1977 through 1979.

Contracts were awarded for the Theater Performance Facility in February, with groundbreaking ceremonies taking place shortly thereafter. The facility is expected to be ready for occupancy in winter quarter, 1984.

Tuition increases of approximately 10 percent were approved at the March board meeting, effective with the summer session.

The board voted to abolish two degree programs at its May meeting. The programs were the bachelor of science, major in theater education, and the bachelor of science, major in psychology-theater education. The decision to abolish the programs was based on enrollment patterns and institutional priorities.

In December, the board approved the establishment of a standard workweek of 37½ hours for the SIUE system, effective July 1, 1984.

**CAPITAL PROJECTS**—Several capital projects approved during the year are in various planning stages.

The General Assembly and Gov. James R. Thompson approved \$5,182,200 for construction of a permanent dental education facility for the School of Dental Medicine at Alton and \$300,000 for replacement of the roofing systems on portions of various buildings on the SIUE campus.

Gov. Thompson also released \$80,000 for remodeling to provide a storage area for volatile chemicals in the Science Building on the Edwardsville campus and for modifying the heating, ventilation and air conditioning systems at the Alton Center.

In addition, he released \$874,900 for purchase of equipment and site development for the Multipurpose Building, which has been named the Vadenale Center.

The university is continuing to develop a plan which would renovate 158 apartments at the Tower Lake housing complex by replacing the kitchen and dining area in each

apartment with a second bathroom and a third bedroom, providing spaces for additional occupants.

The expansion project would include a disbursement of \$1.5 million to the Tower Lake Commons Building. The university is now seeking professional architectural and engineering services to prepare definitive plans for the project so that a more informed judgment may be made about the proposal's feasibility.

Also being selected are architects and engineers for the dental clinic and roof repairs projects. Student Government has recommended and the administration has endorsed a proposal for extensions of campus bicycle trails, with costs to be paid by the Student Welfare and Recreation Trust Fund.

**BUDGET AND SALARY MATTERS**—

As a result of the General Assembly's compromise tax package, Gov. Thompson approved \$47,819,100 in operating funds for SIUE for the current fiscal year.

These funds include a 4½ percent salary increase and 3 percent for general price increases in operational costs with the utility, plant operations, and maintenance increases represents about 90 percent of the university's estimate of expenses.

The budget also includes \$484,800 for program improvement and expansion, including \$235,000 for computer science and communications equipment, \$125,000 for the engineering program, and \$125,000 for economic development program.

The university is still faced with the need to reduce or reallocate more than \$2 million in existing programs and operations.

**25TH ANNIVERSARY CELEBRATION**—The conclusion of the 25th anniversary celebration, which included more than 125 events, programs and activities, will be scheduled in the spring of 1984 with formal dedication of the region, according to Lt. Gov. George H. Ryan, who addressed a meeting of the Council in July on the SIUE campus.

Pres. Lazerson is chairman of the board of the Council, and the president of the new organization is Carl Mathias, Granite City, service area manager of Illinois Power Co.

**RESEARCH AND PROJECTS**—In July, the Office of Graduate Studies and Research announced that the monetary value of pending proposals for externally sponsored research, training, and student support grants at the university was the highest it had been in at least four years.

At the end of the fiscal year, 53 proposals valued at \$5,272,324 were pending at various federal, state and local agencies and private firms. This represented a dramatic 89 percent increase over the previous year.

In the first three months of fiscal 1984, funding of grants reached its highest point in five years.

Fifty-six proposals had been funded.

The University conferred more than 2,150 undergraduate, graduate, specialist, and doctoral degrees at commencement exercises June 9-10. Katherine Dunham, professor emerita at SIUE and a renowned performer and choreographer, was given the honorary degree of doctor of fine arts.

Peter Raven, director of the Missouri Botanical Garden in St. Louis, received the honorary degree of doctor of science.

Distinguished service awards were given to: Robert Hyland of St. Louis, regional vice president of CBS and general manager of KMOX Radio; Carolyn W. Losos of St. Louis, director of the Leadership St. Louis program; Carl E. Mathias of Granite City, service area manager for Illinois Power Co.; and Wilbur R. L. Trimpe, then president of Lewis and Clark Community College.

**SPECIAL EVENTS**—

The 1983 convocation of the Lincoln Academy was held at the local university in April, attended by Gov. and Mrs. Thompson.

Among the citizens honored at the event were: Mike Royko, Pulitzer Prize-winning columnist for the Chicago Sun-Times; Bobby Short of Danville, Ralph Newman of Chicago and Thomas Mulroy of Winnetka.

Two Elderhostel sessions were held at the university during the summer. Senior citizens attending the August session were featured on CBS Early Morning News.

**PUBLIC SERVICE**—During the year, more than 40,000 people attended a multitude of industrial and civic meetings, including breakfasts, luncheons, dinners, convocations, seminars, conferences, workshops and other gatherings.

The Southwestern Illinois Leadership Council, incorporated within the university, has the potential of being the key to the economic revitalization of the region, according to Lt. Gov. George H. Ryan, who addressed a meeting of the Council in July on the SIUE campus.

Pres. Lazerson is chairman of the board of the Council, and the president of the new organization is Carl Mathias, Granite City, service area manager of Illinois Power Co.

**RESEARCH AND PROJECTS**—In July, the Office of Graduate Studies and Research announced that the monetary value of pending proposals for externally sponsored research, training, and student support grants at the university was the highest it had been in at least four years.

At the end of the fiscal year, 53 proposals valued at \$5,272,324 were pending at various federal, state and local agencies and private firms. This represented a dramatic 89 percent increase over the previous year.

In the first three months of fiscal 1984, funding of grants reached its highest point in five years.

Fifty-six proposals had been funded.

for a total of \$4,576,370 by various federal, state and local agencies and private firms. In addition, 44 projects valued at \$3,769,435 were still pending at various agencies.

**HEAD START PROGRAM**—In June, the U.S. Department of Health and Human Services awarded the university a contract to operate the Head Start program in St. Clair County, with headquarters at the university's East St. Louis campus.

SIUE will receive approximately \$1.3 million annually to operate the program for 715 children, age three to kindergarten, in 14 centers in the county.

**SPECIAL HONORS**—SIUE was commended by the Committee on Higher Education and Economic Development of the Illinois Board of Higher Education for the university's public service to the community.

Katherine Dunham, university professor emerita, was one of the recipients of Kennedy Center Honors in Washington, D.C., in December in recognition of her "extraordinary contributions to American culture."

Two alumnae of the university were named Illinois teachers of the year. Kathy Weber of Edwardsville, who received her master's degree in education from SIUE in 1978, was designated Illinois Teacher of the Year.

Karen Agne, who received her master's in education in 1972 at SIUE, was named Illinois Gifted Teacher of the Year.

Both are employed in the Edwardsville public schools system.

At the SIUE Commencement, Teaching Excellence awards were presented to Henry D. Drew, professor of chemistry, and Chung-wu

Ho, professor of mathematics, statistics and computer science.

David F. Schwartz, associate professor of government and public affairs, was awarded the Great Teacher Award. Michael E. Jantzen of Carlyle was given the Alumnus of the Year Award.

Pres. Lazerson was named by Gov. Thompson to the Illinois State Job Training Council, which supersedes the former Illinois Employment and Training Council, in serving as the chief executive and adviser on employment and training-related matters.

The presidents of the Illinois member institutions of the American Association of State Colleges and Universities have elected Lazerson to a two-year term as ASCU's state representative for Illinois. He also was named a member of the AASCU Committee on External Relations.

## Hospital Notes

Among the patients admitted to St. Elizabeth Medical Center were:

Dec. 13—Helen Dawn King, Harry Caviness and Ivy Wiley, Granite City, Cynthia Bollinger, Brooklyn.

Dec. 14—Joyce Walker, Granite City, Kenneth Guffy, Collinsville.

Dec. 13—Evelyn Echols, Venice, Carolyn Bauer, Dustin Stuart, Delta Lindsay, Granite City.

Dec. 12—Agnes Lindsey, Norma Wall, Granite City.

Dec. 11—Rose Martynik, Madison; Anna Wright, Lela Daniel, Yvette Mitalevich, Granite City; Charles Kirk, Collinsville; Muriel Janet Orrell, East St. Louis; and William Polley, Witt, Ill.

**CAR SKIDS, STRIKES SNOW**—CLAD MEDIAN, OVERTURNS

Melinda J. Kirby, 19, East Alton, escaped with minor injuries during the Christmas weekend when her neighborhood auto hit a traffic median and flipped upside down onto a southbound lane during a 6:10 a.m. mishap on Illinois Route Three at West 20th Street.

She told officers she momentarily fell asleep and then noticed cars ahead of her in several lanes, waiting for a traffic light to change.

She veered and her car skidded counterclockwise in a full circle as it crossed a left turn lane. The left front of the auto struck a snow-covered median 20 feet south of the intersection and the vehicle overturned.

**AUTO STRIKES BUILDING**

Edward Lane, 56, of 2121 Missouri Ave., was injured during the Christmas weekend when another vehicle forced his southbound auto out of a Madison Avenue traffic lane. His auto hit the left rear of the parked car of Virginia Blanton, 46, Warlock Ave., and then struck a corner of the Clean Craft Cleaners building at 20th Madison. He was charged with failing to reduce speed sufficiently for roadway conditions.

## Some recreational vehicles must be inspected next year

Certain vehicles registered as recreational vehicles will be subject to the state's vehicle inspection laws beginning Jan. 1, 1984, according to the Illinois Department of Transportation and the Illinois State Police.

Under a new law, motor homes, mini-motor homes and recreational trailers registered as and displaying Illinois Recreational Vehicle plates are exempt from testing requirements.

All vehicle registered as recrea-

tional vehicles and not qualifying for the exemption must be safety inspected twice a year.

The vehicles to be inspected should be taken to a state-certified testing facility. There are 800 official testing facilities in various communities throughout the state.

For further information, owners may contact the Illinois Division of Traffic Safety, Vehicle Inspection Section, 330 West Washington St., Springfield, Ill. 62766, telephone 1-217-282-2920.

## Workshop Jan. 11 on starting a business

A one day workshop on starting a business will be held on Jan. 11 from 8:30 a.m. to 4 p.m. at the St. Louis Community College at Meramec. Registration fee is \$10 per person which covers lunch, coffee breaks, and kit of materials.

Attendance is open to all individuals considering a new business who have been in business less than one year. Subjects covered are personal factors for business success, business financing, insurance, organization and planning, management techniques, choosing a location, and sources of assistance and information.

Sponsors of the workshop are the college, the U.S. Small Business Administration and Score (Retired Executives).

## Plan workbook, guide for park at New Salem

Federal grants totaling \$36,668 have been awarded by the Institute of Museum Services to three Illinois Department of Conservation sites.

New Salem State Park, near Petersburg in Menard County, was selected for a \$16,000 special project support grant to develop a New Salem guide and workbook.

Lincoln Log Cabin State Historic Site, south of Charleston in Coles County, and Volo Bog State Natural Area, near Volo, Lake County, were approved for general operating support grants of \$13,983 and \$6,685, respectively.

The Institute of Museum Services, created by Congress in 1976, is an independent agency within the National Foundation for the Arts and Humanities.

It assists the nation's 5,500 museums, zoos, planetariums, aquariums, botanical gardens, historic houses and science-technology centers in their roles as educators and conservators of the nation's cultural, historical and scientific heritage.

IMS annually distributes its funds to applicants on a competitive basis. Only 336 of 1,126 institutions apply for aid this year were successful, and New Salem was one of only 17 sites nationwide to receive special project support. It was President Abraham Lincoln's "home town" for much of his life.

Approximately 60 pages, the New Salem publication will be another of several interpretation methods utilized at the park. It will fulfill the site's desire for a comprehensive writer's guidebook, supplying cultural and historical information to the public and providing guidance for educational groups, according to Site Superintendent David Hedrick.

It also will serve as a model for other museums, Hedrick said. When completed, the guide and workbook will be available at nominal cost at the site or by mail. Dr. Terry O'Brien is directing preparation of the publication.

## FRANK'S TAX FACTS

The purpose of this column is to point out often overlooked legitimate tax deductions on your personal income tax return. One of the most important and most beneficial deductions is the "Two Earner Married Couple Deduction." In 1983 and later years, if you and your spouse work, you may be able to deduct as much as 10% of the lesser of \$90,000 on the earned income of the lower earning spouse's income. This lesser of \$90,000 on the earned income of the lower earning spouse's income. This can result in the savings of several hundred tax dollars. Be sure to mention this to your tax advisor at the time of filing your return or free fee call me.

FRANKLIN A. HOLLIS, CPA Phone: 931-6595

## AT & T Communications company being launched

About 1,400 St. Louis metropolitan area workers who return to their jobs Jan. 3 after the New Year's holiday but not only greet a new year, but a new company as well: AT&T Communications.

That is the name of the AT&T company providing long distance and international telecommunications services following the breakup of the Bell System, Jan. 1.

These people are among nearly 111,000 AT&T Communications employees nationwide who have come from Bell operating companies such as Southwestern Bell, AT&T headquarters and the former long lines organization.

The launching of the new company is being heralded with a number of activities. For some, including 750 long distance and 800 directory assistance operators and managers, the celebrations will start Jan. 3. Operators working over the holiday will be greeted by balloons, banners and refreshments at their work locations.

They will also begin concluding most AT&T long distance calls with a new phrase: "Thank you for calling AT&T."

ing AT&T," or "Thank you for using AT&T service."

Lanier Browning, division manager of operator services for AT&T Communications in St. Louis, explains: "Operator service is one feature that makes us stand out from other long distance companies. We want our operators to know how important they are to us. And we want our customers to know that we appreciate their business, and that we are here to assist them."

Employees at the company's new offices at 717 Office Parkway in Creve Coeur will celebrate when they return to work Jan. 3. Giant, helium-filled balloons outside the building and banners will announce "AT&T Communications... a new beginning."

A brief interdepartmental rally will kick off the business year. The building houses about 400 people in sales, administrative and support functions.

At 2651 Olive St., network operations personnel, most of whom are long line employees, will participate in similar activities.

## NOTICE OF PUBLIC HEARING TO BE HELD IN AND FOR COMMUNITY UNIT SCHOOL DISTRICT NO. 9, MADISON COUNTY, ILLINOIS, ON JANUARY 9, 1984 AT 7:30 P.M. IN THE BOARD MEETING ROOM, ADMINISTRATIVE OFFICES, 20TH AND ADAMS STREETS, GRANITE CITY, ILLINOIS ON THE QUESTION OF ADOPTION OF THE PROPOSED 1984 TAX LEVY

NOTICE IS HEREBY GIVEN that the Board of Education of Community Unit School District No. 9 shall hold and conduct a public hearing at 7:30 P.M. (Central Daylight Savings Time) Monday, January 9, 1984, in the Board Meeting Room Administrative Offices, 20th and Adams Streets, Granite City, Illinois, on the question of the adoption of a 1984 tax levy which, as proposed, will not exceed the 1983 tax levy extension by more than 5%.

As extended by the Madison County Clerk, the 1983 tax levy of Community Unit School District No. 9 will produce the following revenue: \$9,987,723.00.

The proposed 1984 tax levy of Community Unit School District No. 9 would produce the following estimated rates and amounts based on the estimated 1984 assessed valuation not to exceed \$9,987,723.00, at a rate not to exceed 3.4500.

1984 Estimated Tax Rates	1984 Estimated Levy
Education Fund	2.5500
Operations, Building and Maintenance Fund	3750
Transportation Fund	1200
Working Cash Fund	0500
Illinois Municipal Retirement Fund	2075
Rent Fund	0
Fire Prevention, Safety, Environmental and Energy Conservation Fund	0500
Tort Immunity Fund	0975
Capital Improvements Fund	0
Special Education Building Fund	0
Summer School Fund	0
Area Vocational Education Building Fund	0
Other	0
<b>TOTAL</b>	<b>3.4500</b>

The Percentage increase in the 1984 aggregate tax levy over the 1983 aggregate tax levy is 00.00%.

A copy of the 1984 proposed tax levy is on file in the office of the Superintendent, Community Unit School District No. 9, 20th and Adams Streets, Granite City, Illinois, where it may be examined during normal business hours, 8:00 A.M. to 4:00 P.M., Monday through Friday, holidays excluded.

DATED AT GRANITE CITY, ILLINOIS THIS 20TH DAY OF DECEMBER, A.D., 1983

THOMAS G. MIOFSKY  
Secretary, Board of Education  
Community Unit School District No. 9

## Familiarity makes GCC successful

"I know everybody." That special feeling of familiarity and community is what has helped make Granite City Center of Belleville Area College so successful in its first semester.

"I know a lot of the teachers and students," said Eddie Kinney, a GCC student from Granite City. "I don't feel at all out of place here."

ANGIE GREEN echoed the feeling of familiarity; the center has developed. "I know almost everyone here," the recent graduate of Collinsville High School said. "And I really like the variety of people. There are as many older students as there are kids just graduated from high school."

Miss Green not only takes all her college classes at the center, she also works in the office and is on the Student Advisory Committee. "We work with the main campus," she said. "But we also plan our own events. We had a tree-trimming party, and next semester we are planning a ski trip over to St. Louis."

DAWN JOHNSON of Granite City also works in the center's office. Without the center, she would be out looking for a job. "I wouldn't be going to college if it weren't for GCC," she said. "Pat Stamps, who works here at GCC, was one of my high school instructors. She called me up and asked me if I was going to college. I said no and she asked me to give GCC a chance."

"I dropped by and saw the word processing center. It wasn't even put together yet, but I said I'd try it. Now I love it. I walk down the halls and I see a lot of my high school friends."

GCC helped Miss Johnson get a job as a word study student, enabling her to pay for her education. "Last semester I took 15 hours because I

wasn't sure I could handle it. But I did well and next semester I've registered for 20 hours," she said.

THE PHYSICAL PROXIMITY of the center has made everyday life easier for students in the northern part of the college district. The GCC bookstore held its own book buy-back, enabling GCC students to avoid the long lines at the main campus bookstore.

The center also holds its own registration, including two Saturday registration periods planned for

January.

The mother of a little boy, Mrs. Kinney still takes most of her classes at the college's main campus in Belleville. But any classes she can take at GCC, she does.

NEXT SEMESTER, one of them will be an introductory class to microcomputers, a class she "wouldn't even have considered" if GCC did not exist. "I couldn't see driving all that way (to the main campus) for an elective, especially not in winter," she said.

The closeness of the center is also enabling Miss Johnson to take classes just for her own pleasure. "It's only a seven minute drive from my house," she said. "So next semester, I am going to take aerobics and jazz band."

Working in the center's office gives her the chance to view the schools from different perspectives. Miss Johnson said, and "Everyone here is working for the same thing, to do the best."

## GCC to offer winter English courses

Granite City Center (GCC) of Belleville Area College is offering English courses that begin in January. Literature and writing courses will introduce students to a variety of authors, including themselves and fellow classmates.

Teresa Johnson will teach day and evening sections of Creative Writing at GCC this spring. The first will meet from 1 to 2 p.m. Mondays, Wednesdays and Fridays; the second from 7 to 9:45 p.m. Tuesdays, Wednesdays and Thursdays.

Rhetoric and Composition II also will be offered day and evening.

Four day sections will meet Monday, Wednesday and Friday mornings from 8 to 8:50, 9 to 9:50, 10 to 10:50 and 11 to 11:50. An afternoon section will meet Tuesdays and Thursdays from 1:30 to 2:35.

Two night sections will meet from 7 to 9:45 p.m. Mondays and from 7 to 9:45 p.m. Tuesdays.

Literature classes are also being offered at GCC. Introduction to Literature I, taught by Mary Ruth Herzon, will meet from 8 to 9 a.m. Tuesdays and Thursdays. Another section of the class, taught by Wayne

Crome, will meet from 7 to 9:45 p.m. Thursdays.

WORLD LITERATURE I, taught by Virginia Durham, will meet from 9 to 10 a.m. Mondays, Wednesdays and Fridays.

Registration for spring 1984 classes at GCC is under way and will continue through Wednesday, Jan. 18, 1984.

Registration is from 9 a.m. to 8 p.m. Mondays through Thursdays and from 9 a.m. to 3:30 p.m. Fridays at the center, 450 Maryville Road.

## University housing increase proposed

An increase in rental rates from university housing at Southern Illinois University at Edwardsville was proposed Thursday at the SIUE Board of Trustees meeting on the Carbondale campus. Action on the proposal will be considered at the February meeting of the board, and if approved, the increase would be effective Sept. 1, 1984.

The basic increase would be \$13 per month per single student, with a similar percentage increase for family housing. Currently, a single student in a two-bedroom, four-unit unit pays \$109 per month.

UNIVERSITY OFFICIALS said the principal need for additional revenue in Fiscal Year 1985 will be to meet projected energy cost increases. For the year beginning July 1, 1984, the university is estimating utility cost increases of approximately \$128,000.

University housing also anticipates the loss of \$54,000 in retained tuition funds and cost increases in personal services and other support lines of \$24,000 in FY-85. University

officers said the rates of cost increase, where controllable by the university, have been held to the lowest feasible levels. Total personal services will increase one percent, building maintenance costs will increase five percent, and all other expenses, as a group, are projected to increase four percent.

Several cost reduction measures also have been implemented, including energy conservation actions, seasonal layoff of employees, and reduced student employment levels.

officers said the rates of cost increase, where controllable by the university, have been held to the lowest feasible levels. Total personal services will increase one percent, building maintenance costs will increase five percent, and all other expenses, as a group, are projected to increase four percent.

Several cost reduction measures also have been implemented, including energy conservation actions, seasonal layoff of employees, and reduced student employment levels.

## GCC celebrates its first open house

The staff and faculty of Granite City Center of Belleville Area College had good reason to celebrate at their first Christmas Open House held at the school. "We've had a great semester," said Ernest Frank Gornick. "Better than anyone expected."

GCC ENDED its first semester of existence last week when the college began Christmas break. It will begin its second semester in January.

The Christmas break will give school officials a chance to step back and enjoy some of their successes. "It'll be nice to just relax for a little bit," said GCC secretary Sharon Owca. "Things have been so hectic during the center started, but everything has gone well."

Students, faculty and staff gathered in a room off the cafeteria and enjoyed a cold buffet prepared by the cafeteria staff. Microcom-

puter teacher Don Davinroy gave a preview of his "Letter to Santa" program. The microcomputer set up near the buffet "wrote" personal letters from Santa, specifically naming a child and his special Christmas wish.

HAL ELEFT, an administrator at GCC, echoed Gornick's good cheer. "Things are really going well," he said. "We're busy and it looks like we are going to be even busier next semester."

Registration figures for the spring semester show that GCC has already reached its enrollment goal of 20,000 credit hours with five weeks left to go in the registration process.

Approximately 2,100 students registered for more than 13,000 credit hours during the fall semester. About 1,000 students have enrolled for 8,200 hours for this spring. Those figures are expected to continue to rise as spring registration continues through Wednesday, Jan. 18, 1984.

## Education gift certificates offered

Holiday gift certificates available through the Office of Continuing Education at Southern Illinois University at Edwardsville can open a new world of non-credit learning opportunities for the recipients, according to Mollie Fedor, coordinator of non-credit activities.

MISS FEDOR said the gift is guaranteed to suit the recipient since the person may choose the activity of the individual's liking, ranging from learning a new language to developing a favorite skill or craft, to delving into a subject of particular interest.

Certificates can be purchased in increments of \$5, allowing givers to be as generous as their pocketbooks will permit.

Miss Fedor said gift certificates of learning are also available throughout the year for birthdays, anniversaries or other occasions when someone wants to give a very special gift of love and appreciation.

FOR MORE INFORMATION about the gift of learning, interested persons may contact the SIUE Office of Continuing Education at 1-692-3210.

## You're Invited To Sit In On Regular Classes At SIUE Explore EDUCARD

- Audit selected credit classes on a space available basis
- Receive a courtesy library card and parking permit
- Borrow textbooks for the term you participate

You are eligible for EDUCARD if you are not currently enrolled for credit at SIUE. EDUCARD users do not receive grades or credit and may not obtain transcripts for classes audited under EDUCARD.

Winter classes begin January 2, 1984.

Fee: \$15.00

For information, call 692-3210.

## Touch maps are a giant step for the blind

By TOMMYE WALTER

Maps are of little value to the blind unless there is a sighted person around to read the directions. That will soon change if a cartographer at Southern Illinois University at Edwardsville has his way.

Noble Thompson, associate professor of earth sciences, geography and planning, has devised a number of ways to place map information at the fingertips of the unsighted and visually impaired.

**THOMPSON'S INTEREST** in making tactile or "touch" maps began after he saw the trouble a blind man was having getting around the university campus. "Disoriented, he didn't know which side of the Peck Classroom Building he was on," Thompson said. The incident concerned the cartographer, particularly when he realized there was no map of the campus for the blind.

The SIUE instructor's interest accelerated when Ginny Fischer, a blind student at the university, signed up for his weather class. Thompson teaches a course on how the different climates of the world relate to one another.

When Miss Fischer first approached Thompson about taking the class, Thompson was not at all sure it would work because he uses a large amount of visuals in teaching the course. "I thought that would present a problem to her," he said. "My major concern was that I would not be able to communicate the subject to Ginny because my course is so oriented to visuals."

MISS FISCHER assured the teacher that the problems would not be insurmountable. She would tape the lectures and transcribe them into braille. She was as good as her word. At the end of the quarter, the blind student presented her instructor with a very unique gift—a booklet contain-

ing copies of all his lectures.

Requirements for the course included being able to identify various climates of the world, a difficult task for the visually impaired. Using a variety of textures and materials, Thompson created a tactile map for his student.

**TO OUTLINE** the earth's continents and identify its latitudes, he used a finishing nail, poking holes through the posterboard to simulate the raised dots of braille. Burlap, twine, cloth, cotton, sandpaper and metal screen were some of the materials used to identify the different climates of the world.

"Remember, it's not what it looks like, it's what it feels like," Thompson said. "Colors mean no consideration. Colors mean colors to blind people," he said.

The fingers became the eyes for the blind, the professor said, adding that what they perceive through the fingertips is translated into mental images.

**SO THAT** he can better serve the needs of the blind, Noble Thompson has learned to "sight" read and write braille. "I am what is known as a scrubber. I read one letter at a time," he said.

Thompson feels that his star pupil is very instrumental in helping him in his research. "She has more or less worked the bugs out of teaching particular course to visually impaired students," Thompson said.

"By the time we got to the end of the quarter, she was on the same plane as the other students," he said. After a short hesitation, he added, "Actually, she was ahead of them. She made the highest grade in the class."

**THOMPSON HAS BEEN** doing research in the area of tactile maps for several years. As a result, he was invited to give a paper at the first International Symposium

on Maps and Graphics for the Visually Impaired, held in Washington, D.C. last March. The title of his paper was "The Tactile Perception of Qualitative Point Symbols in Thematic Maps for the Blind."

Participants at the symposium included electrical engineers, psychologists, cartographers, chemists, geographers, marketing specialists and representatives of the media. Both sighted and unsighted people were in attendance," Thompson said.

The SIUE professor was amazed at some of the work being done to benefit the blind, particularly by the

Japanese, Australians, and other concerned people throughout the world.

**THOMPSON** is currently preparing a tactile map of the university campus. "I am waiting for the paths to the new Multipurpose Building to be constructed before completing it," he said. Thompson's wait may be longer than he thought. He has just found out that another new building, the Theater Performance Facility, is currently under construction on the university campus.

"I'll have a look into that," Thompson said, mentally adding the newest building to his list of things to do.

## On campus briefs

### SIUE at Edwardsville

**A NON-CREDIT COURSE** in home renovations and additions will be offered at Southern Illinois University at Edwardsville, beginning Jan. 19. Sponsored by the Office of Continuing Education, the course will be taught by Mike Guerra, chief architectural draftsman in Plant Operations at the university. Classes are scheduled to meet Thursdays from 7 until 9 p.m. in Room 2415 of Peck Classroom Building. Registration is \$35. The course will focus on building design and engineering, with an emphasis on layout and design, building materials, estimating project costs, and techniques for either self-construction or subcontracting the job. Additional information may be obtained by contacting the SIUE Office of Continuing Education at 1-692-3210.

**ACADEMIC SERVICES** of Southern Illinois University at Edwardsville will sponsor a two-day workshop to review for the American College Test (ACT) and the Scholastic Aptitude Test (SAT). The workshop will meet in Room 1412 of the Peck Building, Jan. 14 and 28 from 9 a.m. until 12 a.m.

The review is to assist persons who must take the ACT or SAT in preparation for college admission. This includes but is not limited to: high school students, older persons returning to college, some who may have to re-test because of failure to pass and those who may suffer from test-anxiety.

The \$20 registration fee includes materials and study guide. For registration information, interested persons may call Academic Services at 1-692-3701.

**A SEMINAR** on farm management will be held at Southern Illinois University at Edwardsville, Jan. 13. Sponsored by the department of Finance and the Center for Management Studies at the university, the seminar is scheduled in the Communications Building theater from 8 a.m. until 4:15 p.m. Registration is \$25. Additional information may be obtained by contacting the SIUE Office of Conferences and Institutes by calling 1-692-2660.

**THE OFFICE** of Continuing Education at Southern Illinois University at Edwardsville will offer several non-credit courses in personal income tax return preparation and market investment during the winter quarter.

The schedule of classes, times when they meet, and dates when they begin includes: Market Investment Opportunities, Tuesdays, 7 to 9 p.m., Jan. 17; Personal Income Tax Preparation, Thursdays, 7:30 to 9:30 p.m., Jan. 19; and Advanced Market Investment, Tuesdays, 7 to 9 p.m., Feb. 14. Additional information concerning these non-credit courses may be obtained by contacting the SIUE Office of Continuing Education at 1-692-3210.

## Belleville Area College

**IN AN EFFORT** to provide a better understanding of how competition, divestiture and deregulation might affect telephone service and rates, Belleville Area College is co-sponsoring two public seminars featuring representatives from the telephone industry and consumer groups to be held Thursday, Jan. 8, 1984 at the Farm Bureau Auditorium, 900 Hillsboro (Route 157), Edwardsville. The sessions will be from 2 to 4 p.m. and 7 to 9 p.m.

On Jan. 11, the 22 Bell operating companies that provide local communications services will separate from AT&T. The breakup of the Bell system and the move to deregulate the telecommunications industry will have far-reaching implications for Illinois residents who use telephone services.

**THE BELLEVILLE AREA** College Counseling Center is open from 8 a.m. to 9 p.m. Mondays through Thursdays for the convenience of students. On Fridays, it is open from 8 a.m. to 2 p.m.

The center provides academic advisement, career counseling, personal counseling, testing (math and English placement, interest inventory and aptitude testing), human development courses and seminars, study skills assistance and tutoring. For information or to make an appointment, interested persons may call 252-2700, extension 206.

## Other Area Colleges

**CATHERINE G. BUCKLER**, Granite City, received a bachelor of science in nursing degree Dec. 11, from the University of Texas School of Nursing at Galveston. Miss Buckler also received special recognition by being presented the Dean's Award for Scholarship.

## University steering committee named

President Earl Lazerson of Southern Illinois University at Edwardsville has named a 12-member Steering Committee for University Self-Study, a comprehensive institutional evaluation leading to review of the university's accreditation status by the North Central Association of Colleges and Schools.

The regular, once-a-decade review is scheduled for April 1986. Prior to the visit of an accreditation

team from the North Central Association at that time, the Steering Committee will monitor the gathering of information and direct the writing of the final report. IN ADDITION to serving as a member of the Steering Committee, each appointee will chair a Self-Study Contributing Committee assigned to a specific evaluative concern.

Members of the steering Committee and their respective assignments are:

Rosemarie Archangel, professor of health, recreation and physical education, "Evaluation Principles"; Harlan Bengtson, associate professor of engineering, "Planning"; Stephen Brown, associate professor of music, "Learning Resources"; Barbara DeLong, professor of health, recreation and physical education, "Governance, Organization and Administration"; and Don Elliott, associate professor of economics, "Financial Resources."

Also Warren Joseph, professor of music, "Mission and Purposes"; Fred Lampe, associate professor of earth science, geography and planning, "Educational Activities"; Suzi Nall, associate professor of elementary education, "Curriculum."

NANCY PARKER, associate professor of biology, "Students"; Tom Paxson, associate professor of philosophy, "Graduate Programs and Research"; and Rudy Wilson, associate professor and acting chairman of elementary and early childhood education and secondary education, "Faculty."

The student body president holds the 12th position on the Steering Committee. The present incumbent is Debra Buer of Granite City. Paul Gaston, professor of English and acting director of the SIUE Summer University, is coordinator of University Self-Study. He serves as chairperson of the Steering Committee.

## GCC class offers history

Understanding world events can be complicated, but Granite City Center of Belleville Area College can provide historical and current affairs information to help.

U.S. History, World History and International Relations will be offered at GCC this spring. These courses can give students the background to better understand the forces of world affairs and the "United States' role in those events."

**THE HISTORY** of the United States will be covered in two classes. History of the U.S. until 1877 will meet from 2 to 2:50 p.m. Mondays

through Thursdays. United States History since 1877 will meet from 2 to 2:50 p.m. Mondays.

World history is also covered in two classes. World History I will be from 6 to 9:45 p.m. Wednesdays. World History II will meet from noon to 12:50 p.m. Mondays through Thursdays.

International Relations, a political science course, is being offered at GCC for the first time this spring. The class will meet from 11 to 11:50 a.m. Mondays, Wednesdays and Fridays.

## Tax aid volunteers sought

The Granite City Area of the nationwide Tax-Aide — TCE Program has begun recruiting volunteers to serve as tax counselors to older persons for the 1984 tax season.

Tax-Aide is a community service of the American Association of Retired Persons, working in cooperation with the IRS. It provides free income tax help to older taxpayers in preparing their returns, according to Elma M. Hoover, district coordinator for Central and Southern Illinois.

Mrs. Hoover said that persons volunteering to serve as counselors should have a sincere interest in serving older adults and have a good knowledge of tax matters. They should also be willing to participate in an Internal Revenue Service training course and agree to devote at least four hours a week to providing tax counseling.

Volunteer counselors do not have to be members of AARP. She pointed out that volunteers should be older persons, since a unique Tax-Aide feature is emphasis on peer-group assistance.

"We have found that our counselors enjoy their activities so much that most of them come back year after year, but we can always use additional volunteers especially this year, since we are trying to open more counseling sites and reach a larger territory," Mrs. Hoover said.

The training course for volunteers will be held in Granite City Jan. 17 through 20. Persons interested in finding out more about Tax-Aide or serving as counselors may call Mrs. Hoover at 876-0606.

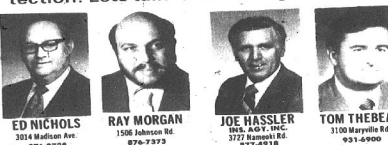

EXPERT APPRAISING  
MORRIS REALTY CO.  
876-4400

Assistance to older citizens will start after Feb. 1 at local dates and times to be announced later, she said.

**IN MEMORY** OF ORA ADAMS who passed away Jan. 2, 1983. You know I'll meet you on a bright tomorrow. You loved, your heart had plenty. Your body is gone but your memory remains, what I would give to see you put my arms around you and say how pretty you are and I love you again. The memories I have of you no amount of money could buy. I'll treasure each one until I meet you in the sky. - Sadly missed by Thelma and Family. 27 12 29

whichever is later, shall be \$1.00 and  
b) The annual fee for a vehicle license applied for and issued after 1) February 1 of each year, 2) 30 days of the date of purchase of the vehicle, and/or 3) 30 days after the date of becoming a resident or opening a place of business in the City, whichever is later, shall be \$5.00; and  
c) The annual fee for a vehicle license for a passenger vehicle owned by a person having attained the age of 62 before January 1 of each year shall be from superior satisfactory proof of age and ownership by registration being furnished at the time the application for license is made.

**SECTION 6:** **REPLACEMENT CITY LICENSES.** The City Clerk shall issue a replacement City license without fee in the following events:  
a) The windshield to which such license was affixed is broken, in which instance proof of replacement of the windshield and proof of purchase of the City license being replaced must be furnished by the owner of such vehicle;  
b) The vehicle for which the original license was purchased has been replaced by the owner, in which instance proof of sale, trade or other disposal and proof of purchase of the license affixed to such replacement vehicle must be furnished by the owner of such vehicle;  
c) **DEALERS' LICENSE.** The license plates issued to dealers in motor vehicles held for sale and use only for demonstration may be transferred to any other vehicle so held and used by the same dealer; provided that such dealer shall procure one license for each motor vehicle so held by him at any one time during the year.

**SECTION 7:** **PENALTY.** Any person, firm or corporation violating any provision of this Ordinance shall be fined not less than Twenty-Five Dollars (\$25.00) nor more than One Hundred Dollars (\$100.00) for each offense, and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

**SECTION 8:** The respective provisions, sections and items of this Ordinance are separable, and a decision by any Court respecting the validity of any provision, section or item hereof, shall not affect the full legal force and effect of any other provision, section

Gaterpillar Tractor corporation also has taken advantage of foreign investment tax breaks to avoid in-

Simon said he is supporting legislation prepared by the Democratic Study Group that repeals tax breaks for foreign investments. The legislation, which will be offered when Congress reconvenes in January, will save taxpayers billions of dollars, Simon said. He expects the Reagan administration will oppose the legislation. The Reagan Treasury Department has announced that it supports continuing the tax breaks for companies using American-financed technology and for governments to support foreign manufacturing operations.
